

VOL. VIII. NO. 108.

SANTA ANA, CALIFORNIA, TUESDAY EVENING, APRIL 8, 1913.

50 CENTS PER MONTH

# PRESIDENT WILSON BREAKS CENTURY OLD PRECEDENT

## READS HIS OWN MESSAGE TO CONGRESS

Receives Noteworthy Attention From Lawmakers of House and Senate

### REPUBLICANS UNEASY OVER TARIFF PASSAGES

Wilson Said He Wished to Be Personal Quantity in Work With Nation's Solons

WASHINGTON, April 8.—For the first time in one hundred years a president of the United States stood before congress today and delivered verbally his own message. President Woodrow Wilson, the man breaking the century-old precedent, walked to the Capitol, arriving at 12:55. He prefaced the reading of his message by a brief address, concluding his message at 1:08 o'clock. Practically all the members of his cabinet were present. Addressing the nation's lawmakers, President Wilson said:

"I am glad indeed to have the opportunity to address the two houses of congress directly, and verify the impression that the President is a person, not a mere head of a department of the government hailing congress from an isolated island of jealous power, sending messages and not speaking naturally in his own voice; that he is a human being trying to cooperate with other human beings in a common service. After this pleasant experience I will feel quite normal in our dealings."

President Wilson proceeded to the Capitol to address Congress attended by only one secret service man. Within a week the President expects to meet personally every member of Congress, making frequent visits to the House. He left the White House today immediately after a cabinet meeting. He was met by Speaker Clark. After both houses had jointly organized, a committee was appointed to escort the president to the Rotunda.

The President's attitude is regarded generally as a bold one, but his hearers evinced appreciation of his apparent sincerity. He appeared a trifle nervous and his face was paler than usual. His message was typewritten on small strips of paper which he carried in the palm of his hand. When he began to speak his voice was husky but cleared rapidly. He received noteworthy attention from many of the senators nodding approval during the speech, smiling outright at the tariff reference. The protectionists were plainly displeased. Senator Lodge sat upright, twirling his fingers while his face was set. Other Republicans plainly showed they were under strain. At 1:08 p. m. the President concluded with these words: "Gentlemen, I thank you for your courtesy." He then retired, walking rapidly down the aisle.

The doors were early besieged by women bearing admission cards. General admission tickets were sold for ten dollars. Hundreds of people were unable to gain admittance. It required President Wilson only eight minutes to read his address, and the entire trip from the White House and return consumed only 37 minutes.

For the first time since the Spanish war, Admiral Dewey occupied a seat on the floor of the house, which honor was then accorded him. After joint session the house adjourned until Thursday. The senate returned to its chamber and transacted routine business, then adjourned until tomorrow.

### APIARISTS WANTING MORE RAIN TO HELP OUT THEIR BEE-FEED

W. E. Adkinson, county fire warden, was in town today from his home in Trabuco canyon. He says that the outlook for a good honey crop is not very bright.

"The bees are in excellent condition," said he. "We could not ask them to be in better trim, but the plants need more rain badly. Unless we get more rain there will be little bee-feed this year."

## President's Message Deals With Urgent Tariff Reform Need

To the Senate and House of Representatives:

I have called the congress together in extraordinary session because a duty was laid upon the party now in power at the recent elections which it ought to perform promptly in order that the burden carried by the people under existing law may be lightened as soon as possible and in order, also, that the business interests of the country may not be kept too long in suspense as to what the fiscal changes are to be which they will be required to adjust themselves. It is clear to the whole country that the tariff duties must be altered. They must be changed to meet the radical alteration in the conditions of our economic life which the country has witnessed within the last generation. While the whole face and method of our industrial and commercial life were being changed beyond recognition the tariff schedules have remained what they were before the change began or have moved in the direction they were given when no large circumstance of our industrial development was what it is today. Our task is to square them with the actual facts. The sooner that is done the sooner we shall escape from suffering from the facts and the sooner our men of business will be free to thrive by the law of nature the nature of free business instead of by the law of legislation and artificial arrangement.

**How Tariff Has Grown.**  
We have seen tariff legislation wander very far afield in our day—very far indeed from the field in which our prosperity might have had a normal growth and stimulation. No one who looks the facts squarely in the face or knows anything that lies beneath the surface of action can fail to perceive the principles upon which recent tariff legislation has been based. We long ago passed beyond the modest notion of "protecting" the industries of the country and moved boldly forward to the idea that they were entitled to the direct patronage of the government.

For a long time—a time so long that the men now active in public policy hardly remember the conditions that preceded it—we have sought in our tariff schedules to give each group of manufacturers or producers what they themselves thought that they needed in order to maintain a practically exclusive market against the rest of the world. Consistently and unconsciously we have built up a set of privileges and exemptions from competition behind which it was easy by any, even the crudest, forms of combination to organize monopoly, until at last nothing is normal, nothing is obliged to stand the tests of efficiency and economy, in our world of big business, but everything thrives by concerted arrangement. Only new principles of action will save us from a final hard crystallization of monopoly and a complete loss of the influences that quicken enterprise and keep independent energy alive.

**Must Abolish Privilege.**  
It is plain that these principles must be. We must abolish everything that bears even the semblance of privilege or of any kind of artificial advantage, and put our business men and producers under the stimulation of a constant necessity to be efficient, economical and enterprising, masters of competitive supremacy, better workers and merchants than any in the world. Aside from the duties laid upon articles which we do not and probably cannot produce, therefore, and the duties laid upon luxuries and merely for the sake of the revenues they yield, the object of the tariff duties henceforth laid must be effective competition, the whetting of American wits by contest with the wits of the rest of the world.

It would be unwise to move toward this end heading, with reckless haste or with strokes that cut at the very roots of what has grown up among us by long process and at our own invitation. It does not alter a thing to upset it and break it and deprive it of a chance to change. It destroys it. We must make changes in our fiscal laws. In our fiscal system, whose object is development, a more free and wholesome development, not revolution or upset or confusion. We must build up trade, especially foreign trade. We need the outlet and the enlarged field of energy more than we ever did before. We must build up industry as well and must adopt freedom in the place of artificial stimulation only so far as it will build, not pull down. In dealing with the tariff the method by which this may be done will be a matter of judgment, exercised item by item. To some not accustomed to the excitement and responsibilities of greater freedom our methods may in some respects and at some points seem heroic, but remedies may be heroic and yet be remedies. It is our business to make sure that they are genuine remedies. Our object is clear. If our motive is above just challenge and only an occasional error of judgment is chargeable against us we shall be fortunate.

**Thorough, but Moderate.**  
We are called upon to render the country a great service in more matters than one. Our responsibility should be met, and our methods should be thorough, as thorough as moderate and well considered, based upon the facts as they are, and not worked out as if we were beginners. We are to deal with the facts of our own day, with the facts of no other, and to make laws which square with those facts. It is best—indeed, it is necessary—to begin with the tariff. I will urge nothing upon you now at the opening of your session which can obscure that first object or divert our energies from that clearly defined duty. At a later time I may take the liberty of calling your attention to reforms which should press close upon the heels of the tariff changes, if not accompanying them, of which the chief is the reform of our banking and currency laws, but just now I refrain. For the present I put these matters on one side and think only of this one thing—of the changes in our fiscal system which may best serve to open once more the free channels of prosperity to a great people whom we would serve to the utmost and throughout both rank and file.

WOODROW WILSON.  
The White House, April 8, 1913.

### SCUTARI SIEGE KEPT UP—POWERS GIVE 3 DAYS GRACE

LONDON, April 8.—In the face of the opposition of the powers, Montenegro and Serbia continued the bombardment of Scutari today, the allied fleets maintaining a virtual blockade of the Montenegrin port of Antivari. It is semi-officially stated that the British admiral in charge of the fleet warned the Montenegrin premier that he will land marines unless the demand of the powers is heeded within three days. Diplomats here fear that Austria and Montenegro are certain to become embroiled but profess to believe no other nations will be endangered.

**BIG LEVEE BREAKS;  
FLOODS MILLIONS  
OF FERTILE ACRES**

MEMPHIS, April 8.—Forcing a gap four hundred feet wide and inundating millions of acres, the St. Francis levee, twenty-three miles south of here, broke at 1 o'clock this morning. The river fell six inches here, indicating that a tremendous volume of water is pouring through the gap, which is constantly widening. The inhabitants were warned in time to flee before the break came.

ducers under the stimulation of a constant necessity to be efficient, economical and enterprising, masters of competitive supremacy, better workers and merchants than any in the world. Aside from the duties laid upon articles which we do not and probably cannot produce, therefore, and the duties laid upon luxuries and merely for the sake of the revenues they yield, the object of the tariff duties henceforth laid must be effective competition, the whetting of American wits by contest with the wits of the rest of the world.

It would be unwise to move toward this end heading, with reckless haste or with strokes that cut at the very roots of what has grown up among us by long process and at our own invitation. It does not alter a thing to upset it and break it and deprive it of a chance to change. It destroys it. We must make changes in our fiscal laws. In our fiscal system, whose object is development, a more free and wholesome development, not revolution or upset or confusion. We must build up trade, especially foreign trade. We need the outlet and the enlarged field of energy more than we ever did before. We must build up industry as well and must adopt freedom in the place of artificial stimulation only so far as it will build, not pull down. In dealing with the tariff the method by which this may be done will be a matter of judgment, exercised item by item. To some not accustomed to the excitement and responsibilities of greater freedom our methods may in some respects and at some points seem heroic, but remedies may be heroic and yet be remedies. It is our business to make sure that they are genuine remedies. Our object is clear. If our motive is above just challenge and only an occasional error of judgment is chargeable against us we shall be fortunate.

**Thorough, but Moderate.**  
We are called upon to render the country a great service in more matters than one. Our responsibility should be met, and our methods should be thorough, as thorough as moderate and well considered, based upon the facts as they are, and not worked out as if we were beginners. We are to deal with the facts of our own day, with the facts of no other, and to make laws which square with those facts. It is best—indeed, it is necessary—to begin with the tariff. I will urge nothing upon you now at the opening of your session which can obscure that first object or divert our energies from that clearly defined duty. At a later time I may take the liberty of calling your attention to reforms which should press close upon the heels of the tariff changes, if not accompanying them, of which the chief is the reform of our banking and currency laws, but just now I refrain. For the present I put these matters on one side and think only of this one thing—of the changes in our fiscal system which may best serve to open once more the free channels of prosperity to a great people whom we would serve to the utmost and throughout both rank and file.

WOODROW WILSON.  
The White House, April 8, 1913.

**U. S. SUPREME COURT HAS  
CONVENED AFTER RECESS**  
WASHINGTON, April 7.—The supreme court of the United States convened today after the Easter recess, with more cases under advisement than ever before in its history. Under Chief Justice White, the court has "speeded up," but this year the work of rendering decisions has been slower and the court now faces the biggest number of opinions in a decade.

If the usual term is observed, the court will adjourn June 2, leaving six more days on which decisions will be rendered. The Easter recess was far from a holiday for the justices, as each was grinding out written opinions.

**AVIATOR KILLED AT  
SAN DIEGO—ONE HURT  
AS PLANE FALLS IN BAY**  
SAN L. EGO, April 8.—Lieutenant Rex Chandler of the army aviation corps was killed, and Lieutenant Breton injured when their hydroplane collapsed today, falling into the bay.

The machine was caught in a gust near Fort Rosecrans and plunged into the shallow water. Chandler is believed to have been caught in the cordage and drowned within three feet of the water's surface. Breton was clinging half-conscious to the wreckage when help came.

**PARIS HEARS GRAVE NEWS  
OF THE POPE'S CONDITION**  
PARIS, April 8.—That the Pope's health is really in the gravest state, and that his attendants have little hope of his recovery, was the declaration of "Le Matin" today. The paper says its information comes from officers connected with the Vatican.

**ROME, April 8.**—Declared to be suffering from an acute attack of Bright's disease, the Pope was suddenly stricken with illness again today, according to reliable information. He has a high fever and the chief Vatican physician is attending him. All visitors are barred. The Pope's two sisters spent two hours at his bedside and were weeping when they left the Vatican.

**Condition Grows Worse**  
The Pope's condition grew worse later, according to late afternoon reports from the Vatican. Dr. Marchiafava was again hastily called to the Vatican and remained an hour.

**PARIS HEARS GRAVE NEWS  
OF THE POPE'S CONDITION**  
PARIS, April 8.—That the Pope's health is really in the gravest state, and that his attendants have little hope of his recovery, was the declaration of "Le Matin" today. The paper says its information comes from officers connected with the Vatican.

## REBELS DRIVE COYOTE CHASERS CAMP FEDERALS TO DEFENSES

Naco Barricades Guarded by Yaquis While Rebels Retire to Camp

### FEDERAL LOSS IS 6 DEAD AND EIGHTEEN WOUNDED

Combined Rebel Forces Likely to Engage Federals in Struggle Tonight

NACO, Ariz., April 8.—Fighting between Gen. Ojeda's federal garrison and the Sonora state rebels began today one mile south of the international boundary. Several are reported as having been wounded early in the fighting. Two American cavalrymen were slightly wounded by bullets falling on the American side.

After two hours' fighting, Gen. Ojeda's rebels drove the federals into the barricades within the town, then retired to their camp south of the border, leaving 200 Yaqui Indians guarding Naco.

The federals suffered a loss of six dead and eighteen wounded, including two officers. The rebel loss is unknown. Eight hundred rebels under Calles and Bracamonte, who did not participate in the engagement, are lying two miles east of here. It is expected the combined force will assault the town tonight or tomorrow. Women and children have taken refuge on the American side of the border.

**Fused Car of Dynamite**  
Before the battle began the rebels fused a car of dynamite and started it down the railroad grade toward the town. It was timed to explode when it reached the village, but it left the rails, the dynamite exploding with terrific detonation several hundred yards outside of the town. None was injured.

A bugler with the Ninth U. S. Cavalry was shot in the neck, and a private in the same regiment was shot in the leg by bullets flying on the American side.

Six federals deserted today, rushing to the American side and surrendering their arms to an American cavalryman. They said many of their comrades were on the verge of desertion.

**ROJAS IN TROUBLE IN MEXICO  
CITY FOR WILSON CHARGES**  
MEXICO CITY, April 8.—As a result of the charges made against American Ambassador Wilson by Antonio Rojas, the ambassador was forced to leave the city. The intention of Gen. Huerta to kill President Madero was successful, a movement was started here yesterday at an indignation meeting to prosecute Rojas for having made public the charges, and if possible, oust him from his high office.

In effect, Rojas's charges were that Ambassador Wilson knew President Madero was to be killed, that he refused to take any steps that would prevent it, and that therefore he was an accessory before the fact to Madero's killing.

## POPE STRICKEN BY SERIOUS ILLNESS

Pontiff's Condition Said to Be Grave—Sisters Weep as They Leave Vatican

ROME, April 8.—Declared to be suffering from an acute attack of Bright's disease, the Pope was suddenly stricken with illness again today, according to reliable information. He has a high fever and the chief Vatican physician is attending him. All visitors are barred. The Pope's two sisters spent two hours at his bedside and were weeping when they left the Vatican.

**Condition Grows Worse**  
The Pope's condition grew worse later, according to late afternoon reports from the Vatican. Dr. Marchiafava was again hastily called to the Vatican and remained an hour.

**PARIS HEARS GRAVE NEWS  
OF THE POPE'S CONDITION**  
PARIS, April 8.—That the Pope's health is really in the gravest state, and that his attendants have little hope of his recovery, was the declaration of "Le Matin" today. The paper says its information comes from officers connected with the Vatican.

## REBELS DRIVE COYOTE CHASERS CAMP FEDERALS TO DEFENSES

Several Dozen Hounds on Hand for the Varmint Hunt—Camp Below the Gibson Ranch

Coyotes from El Toro to the high mountains had better look a little out. If they are wise they will take their summer vacations right away. What few foxes there are in that section would do well to take their vacations also.

The reason for these precautions lie in the fact that a large party of fox-hunters, who chase coyotes often in the Aliso canyon below the Gibson place. Five tents have been erected to shelter the hunters in case of rain and for the accommodation of those among them who do not care to sleep out in the open.

There are thirty-five or forty hounds on hand for the chase, including packs from the north end of the county and Conley's pack from the Santiago canyon. The surrounding country will be hunted over, and woe be unto the coyote who has failed to leave that neck of the woods. The hunters are provided with horses so that they can follow the packs on horseback.

Coyote-chasing is a favorite sport with a number of residents of this county. Among those who are in the Aliso camp are guests who have come from Los Angeles and other points outside the county. A cookhouse has been erected, and it is to be presumed that there will be plenty of good things to eat.

## OHIO TO AID FLOOD SECTIONS OF STATE IN REBUILDING— NATION WILL ALSO LEND HELP

COLUMBUS, Ohio, April 8.—With 500 dead, 100,000 needing aid for rehabilitation and a property loss of \$250,000,000, the state of Ohio faces a work of reconstruction that dwarfs Johnstown and Galveston and shadows even the task that confronted San Francisco when she lay in ashes and ruins after the earthquake of 1906.

When the state legislature reconvenes on Monday night, after a week's emergency recess, it will take up the problems of reconstruction. The work of immediate relief is already well in hand throughout the cities, towns and villages in the country swept by the flood.

Fifty million dollars is the state's loss in bridges alone and washouts on roads and approaches to bridges will bring the total close up to \$100,000,000. The first problem that the legislature will have to consider will be that of rebuilding these bridges and roads, that communication may be restored throughout the state. Gov. Cox spent all day in conference with his legal advisors, drafting legislation to meet the emergency. At the close of this conference, he gave the following outline of his proposed measures of reconstruction:

"First, we shall pass a law through both houses of the legislature giving the municipality the right to go to the banks and borrow money to clean up the town. That will give work at once for the hundreds who are out of work now. At the same time there will be ample provision to guard the reserves in the banks.

"The law will provide that the mayor, in case of the municipalities and the probate court in the case of the counties, shall appoint a Relief

### Bulletins of News Hot from the wire up to 3:30 p. m.

#### THE WEATHER

Fair tonight and Wednesday; light west winds.

**Legal to Sign Away Right  
to Re-enter Same Line of Business**  
DENVER, April 8.—The Colorado supreme court ruled yesterday that a person has a right to sign away his right to re-enter the same kind of business after disposing of his holdings, and that such a contract is enforceable.

**Arizona Legislature  
May Meet Again in New Session**  
PHOENIX, April 8.—The Arizona legislature adjourned yesterday after being in session over 60 days without having acted on any of the recommendations of the governor and a new session will probably be called.

**Oriental Plan for  
Removal of Chinatown**  
LOS ANGELES, April 8.—Plans for the removal of Chinatown to a site southwest of the present business center are being made by prominent Americanized Orientals. The present Chinatown probably will be used for railroad purposes.

**San Bernardino to Build  
\$200,000 Hydro-Electric Plant**  
SAN FRANCISCO, April 8.—The Empire Water company of San Bernardino county has applied to the railroad commission for authority to issue \$200,000 bonds to construct a hydro-electric plant.

**Former Congressman  
Sentenced to Penitentiary**  
ST. LOUIS, April 8.—Former Congressman Harry M. Coudrey, and Harry B. Gardner were sentenced to imprisonment of four and a half years in the federal penitentiary at Leavenworth, and each was fined \$1500 in the federal district court, here yesterday afternoon. They were convicted

on hand for the chase, including packs from the north end of the county and Conley's pack from the Santiago canyon. The surrounding country will be hunted over, and woe be unto the coyote who has failed to leave that neck of the woods. The hunters are provided with horses so that they can follow the packs on horseback.

Coyote-chasing is a favorite sport with a number of residents of this county. Among those who are in the Aliso camp are guests who have come from Los Angeles and other points outside the county. A cookhouse has been erected, and it is to be presumed that there will be plenty of good things to eat.

**Nation Will Aid**  
WASHINGTON, April 8.—Secretary McAdoo of the treasury department will deposit \$2,000,000 in the national banks of Dayton, O., to relieve the money shortage resulting from the flood, accepting the government, state, city and county bonds as security. This will be the first time since 1908 that the government has accepted security for deposits bonds other than those of the United States.

This action was decided upon as a result of telegraphic advices yesterday from National Bank Examiner Goodhart, who has been investigating the banks in the flood district.

All the seven national banks of Dayton will be designated as government depositories and the funds will be deposited with them as soon as they offer security satisfactory to the secretary. He expects the amount will afford effective relief to the financial stringency in Dayton.

In the last few days the government has shipped from Washington and Chicago a total of \$2,300,000 to the treasury at Cincinnati to meet the pressing demands for money.

**Conditions at Cairo Unchanged**  
CAIRO, Ill., April 8.—The flood situation is unchanged today. There is every indication that the levees here will hold.

Wednesday of having used the mails to defraud.

**National Banks Called on  
to Make Statement of Business**  
WASHINGTON, April 8.—Comptroller of the currency has issued a call for a statement of the condition of all national banks at the close of business on April 4.

**WESTERN SENATOR PUT  
UNDER SERIOUS CHARGE**

WASHINGTON, April 8.—A sworn statement containing charges against a certain western senator was filed with Vice President Marshall today by a woman whose name is withheld. The woman's husband also submitted what is purported to be a request that the senate investigate the allegations that the accused senator offered indignities to the woman.

It is understood that Vice President Marshall will follow the course outlined on Saturday when he said such papers cannot be presented officially.

### CLIFTON, ARIZONA SUFFERS BIG FIRE

Three Lose Lives; 20 Business Houses Destroyed With Loss of Thousands

CLIFTON, Ariz., April 8.—Three Mexican mine workers lost their lives, twenty business houses were destroyed and property loss mounting high into the thousands resulted yesterday from a fire which swept Clifton. After burning for four hours the fire was under control at 3 o'clock yesterday afternoon.

**Many Houses Destroyed**  
Starting in a Mexican house near the Greenlee rooming house, the fire quickly spread to the rooming house and to the business district.

**WILSON ORDERS WREATH  
FOR TOMB OF JEFFERSON**  
WASHINGTON, April 8.—President Wilson directed today that a wreath be laid on the tomb of Thomas Jefferson at Monticello, Va., next Sunday, the anniversary of the great Virginian's birth.

## DRAWS BLACK PICTURE OF RUIN

Boynton Says "Free Trade and Free Soup" Will Follow Tariff Slashing

### URGES PLEA TO CONGRESS FOR CITRUS FRUIT DUTY

Jordan Probe May Go to Legislature—Important Bills Are Favored by Committee

SACRAMENTO, April 8.—The Boynton resolution asking the legislature to memorialize congress not to reduce the tariff on citrus fruits precipitated a heated three-hour argument in the senate today with Boynton defending the resolution against the onslaughts of Shanahan, Campbell, Sanford and Caminetti. Boynton painted a picture of black ruin for California if protection is taken from the citrus growers and warned the senate: "We'll have free trade and free soup" if tariff slashing becomes general.

SACRAMENTO, April 8.—Among important bills reported favorably to the Assembly by committee today were:

McDonald-Lyon bill, extending the application of the eight-hour law for women to lodging houses, apartment houses and pupil nurses.

Ryan's measure creating a state barber registration and sanitation bureau.

McDonald's ten-hour day bill for street railway employees, including one day's rest in seven.

Finnegan's bill insuring an eight-hour day for miners.

**New State Printing Plant**  
The human bill providing for the purchase and equipment of a new state printing office to cost \$125,000, to be located either on the present site or on donated property, passed the Assembly today.

**JORDAN'S PETITION TO  
GO BEFORE SENATE**  
SACRAMENTO, April 8.—The senate rules committee today decided to recognize Secretary of State Jordan's petition to have the legislature conduct the probe into the conduct of his office, instead of the State Board of Control.

The committee's action followed a hearing at which the members of the State Board of Control and Secretary Jordan were present. Chairman Neylan of the board expressed himself thoroughly in accord with the committee's plan so long as the latter armed itself with sufficient power to compel the attendance of witnesses.

### GOV. JOHNSON SIGNS "REDLIGHT" MEASURE

SACRAMENTO, April 8.—In the presence of a large number of representative citizens from all sections of the state, Governor Johnson yesterday afternoon affixed his signature to the "redlight" injunction bill. It will become a law ninety days hence, unless in the interim the referendum is brought into play.

## DIRECT ELECTION OF U. S. SENATORS ASSURED TODAY

HARTFORD, Conn., April 8.—The direct election of U. S. senators was assured when the Connecticut legislature today ratified the federal constitutional amendment, being the thirty-sixth state to ratify the amendment.

**WEEKS BEFORE FORMAL  
ANNOUNCEMENT IS MADE**  
WASHINGTON, April 8.—It was announced here that it probably will be several weeks before the formal adoption of the direct election of senators amendment will be proclaimed. Only twenty-two states have yet formally notified the government of the ratification of the amendment.

**WILSON ORDERS WREATH  
FOR TOMB OF JEFFERSON**  
WASHINGTON, April 8.—President Wilson directed today that a wreath be laid on the tomb of Thomas Jefferson at Monticello, Va., next Sunday, the anniversary of the great Virginian's birth.

## RAINFALL IS SO FAR SHORT

Month of March Was Below Normal When It Comes to Moisture

Reports Indicate Development Along Many Lines All Over the State

The monthly bulletin of the California Development Board for March follows:

This bulletin is based on special reports by reliable authorities in various counties covering nearly every section of the state.

Weather Review and Outlook by Prof. A. G. McAuley, U. S. Weather Bureau, San Francisco.

March, 1913, was a month of deficient rainfall, although the situation was materially relieved by the rain which fell between March 17th and March 24th. There was also a decided increase in the depth and area of the snow cover and at the present time the water in frozen storage equals the amount visible at the same date last year. As yet there has been no suffering for lack of water; but the seasonal amounts do not in general exceed 60 per cent of the amount of a normal year, except in the counties south of the Tehachapi, and also in the northern coast counties, where the totals are about 90 per cent of the normal. The fruit trees are in blossom and there has been but very little damage from frost during the month. Rain is needed, and if it falls within reasonable time crops will probably be heavy.

The California Development Board has just shipped a large California exhibit to the International Exposition at Ghent, Belgium. This exhibit will be installed in the International Hall at the exposition, and will be ready for the opening day, April 28th. Mr. Francis Hope, secretary of the board, has left to personally supervise the installation and maintenance of the exhibit. It is expected that this exhibit will accomplish much good for the state.

There is much activity in municipal, corporate and private constructive work all over the state. Purchases of land for subdivision and irrigation are reported from every quarter, especially in the Sacramento and San Joaquin valleys and Southern California. Offers of fertile land with water at comparatively reasonable prices, considering its capabilities, are gaining increased attention.

The "California Cultivator" says

Get It Done Right

Why? Simply because it pays. Every auto man knows that cheap repairing is the most expensive in the end. Get It Done Right is

The Only Way

also the best and least expensive way in the long run. Our regular customers know that we do repairing right—that is why they come back to us themselves and recommend us to their friends. All work guaranteed.

**CONGDON MOTOR CAR COMPANY.**  
515 North Main St.

that a farmer near Oroville is planting 160 acres of spineless cactus. Colusa grain farmers are sowing large acreages for this coming season. The lima bean acreage of the state will be increased by some 15,000 acres. Large shipments of nursery stock have been made from Claremont nurseries to the Tehachapi country—pears, berries, etc. According to T. T. Still, horticultural commissioner of Butte county, 3500 acres have been planted this season to peaches, prunes, almonds. Other counties report like large plantings of various kinds. Mayor H. M. Holleman of San Diego is trying a good acreage of Scuppernon grapes from North Carolina a desirable addition to our wine and table grapes. The Mills-Macoun Company is putting in a unit of 500 acres in oranges, lemons and olives. Four thousand acres are being put in alfalfa near Modesto. Large acreages are being put in elsewhere in this county and others. Ernest Adams, agronomist, experiment station, Butte county, says that the Richville district will have this season from 4000 to 5000 acres of rice. The Sacramento "Free" says that a Yreka company is developing 3000 acres of coal beds near Ager, Siskiyou county. Yamada, director of the Japan Cotton Trading Company, Osaka, has engaged 2000 bales of Imperial cotton. He says this cotton finds a ready market in Japan.

The Western Pacific shops for repair work at Sacramento will be opened April 1st and employ 400 men. The influx of homeseekers is large.

The sheep milk industry for making Swiss cheese is taking hold at Dixon, Solano county. (This phase of the sheep industry was encouraged by the California Development Board some years ago).

Total deposits of all state banks as of January 31, 1912, and of national banks, February 4th, 1912, were \$532,199,920. Total resources of state banks January 31, 1913, were \$697,963,232.

Shipments of winter vegetables—rhubarb, asparagus, etc.—have been active; Southern California reports over 1000 carloads. Of citrus fruits shipped from the state, there were up to March 24th 10,080 cars, which are finding a fair market.

The secretary of state reports 2604 auto vehicle registrations for the month of February.

## Society Women's Hair

A Simple Treatment That Will Make It Truly Fascinating;  
Rowley Drug Co. Guarantees It

Nowadays every up-to-date woman has radiant hair.

What a foolish creature a woman would be if she lost the opportunity to add to her attractions.

Yet in America today there are hundreds of thousands of women with harsh, faded characterless hair who do not make any attempt to improve it.

In Paris most women have beautiful hair, and in America all women who use Parisian Sage have lustrous and luxuriant hair.

And any woman reader of the Register can have attractive and lustrous hair in a few days' time by using this great hair rejuvenator, Parisian Sage.

The Rowley Drug Co. sells a large bottle for 50 cents and guarantees it to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

Parisian Sage is an ideal hair tonic, not sticky or greasy. Sold by druggists in every town in America.—Advertisement.

## ORANGES FIND FAVOR THERE

Garden Grove Rancher Takes Out One Kind of Fruit to Put in Another

GARDEN GROVE, April 8.—Raymond Beardsley is setting five acres of his ranch a mile and a quarter east of town to orange trees. This place had been set to fruit trees, which Mr. Beardsley has taken out after finding out that they were not as profitable as oranges.

Chas. Gleason and Miss Bernice Wade were married last Wednesday evening at the home of the bride's sister Mrs. Geo. Beardsley. The bride and groom started the next morning for a three weeks' auto trip to San Francisco, where they will visit friends, and Los Gatos to visit Mrs. Gleason's brother, who lives there. They will return here where they will make their home.

On last Friday a number of neighbors spent the evening with Mr. and Mrs. Will Stuck, who were married last week. Among them were Mr. and Mrs. E. Beardsley, Mr. and Mrs. Ed Schneider, Mr. and Mrs. Garfield Allen and Mr. and Mrs. Arthur Schnitzer. The evening was spent in conversation and delicious home-made candies.

Mr. and Mrs. E. Beardsley made a trip to Alhambra by auto last Wednesday, returning on Thursday after a visit with friends.

R. O. Nichols of Denver, who has been spending the winter since November with his brother, Jess Nichols, will return to his home this week. He came here for his health, which greatly improved during his stay.

Mr. and Mrs. D. E. Hobbs have gone to Santa Maria to visit friends and relatives. They started last Wednesday and expect to be home next week.

Miss Ross, the teacher of the fifth grade in the grammar school, took her class to Orange County Park on Saturday. She was accompanied by Mr. and Mrs. M. R. Sweetser, Mrs. Buck and Miss Hazel Swall.

Mr. Pierce and Mr. Chester are building a small house on their farm two and a half miles northeast of town.

Mrs. Sarah Mills is visiting with her son, Bert Mills, at Los Alamitos. Rev. Ashleigh is among the sick ones this week.

Mrs. Sarah K. Bill, who has been confined to her bed for some weeks, is improving and is able to sit up a short time.

Miss Meta Eyre, a nurse who trained in the Glendale sanitarium, is staying with her sister, Mrs. Mayhew, about two miles northeast of town.

The measles are around town again and some of the victims are Ray and David Carmichael and Carl Swartzbaugh.

Roy Tunnel and Roy Burton, of Santa Maria, are visiting with Geo. Hobbs during the absence of his parents.

The Garden Grove grammar school is having one week vacation so that the pupils may have new energy to finish the term with.

### Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes, or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man. It will improve you, too. Only 50c and \$1.00. Recommended by all druggists."—Advertisement.

### NOTICE OF PRIVATE SALE OF REAL ESTATE

In the Superior Court of the State of California, on the 19th day of November, 1911, in and for the County of Los Angeles.

In the Matter of the Estate of William A. Knights, deceased.  
Notice is hereby given that in accordance with an order of the Superior Court of the State of California, in and for the County of Los Angeles, made on the 7th day of April, 1913, in the matter of the estate of William A. Knights, deceased, the undersigned executrix of the said estate, will sell at private sale the following described property situated in the County of Orange, State of California, to-wit:

All of lots numbered one (1) and two (2) in Block Number Seven of Dawson and Cummings Addition to the town of Santa Ana, said addition being a part of the Jacob Rose Tract, to the said town of Santa Ana, as per maps of said tract and additions now on record in the office of the Recorder of Orange County, California.

The sale will be made on or after the 25th day of April, 1913, and bids will be received at the office of the undersigned executrix, at 141-2 Citizens National Bank Building, Los Angeles, Cal. The terms of the sale are cash on confirmation of the sale by the court.

Dated April 7, 1913.

MARY E. KNIGHTS, Executrix of the Estate of William A. Knights, deceased.

L. R. RICH, 401-2, Citizens National Bank Building, Los Angeles, California, Attorney for Executrix.

### NOTICE TO CREDITORS

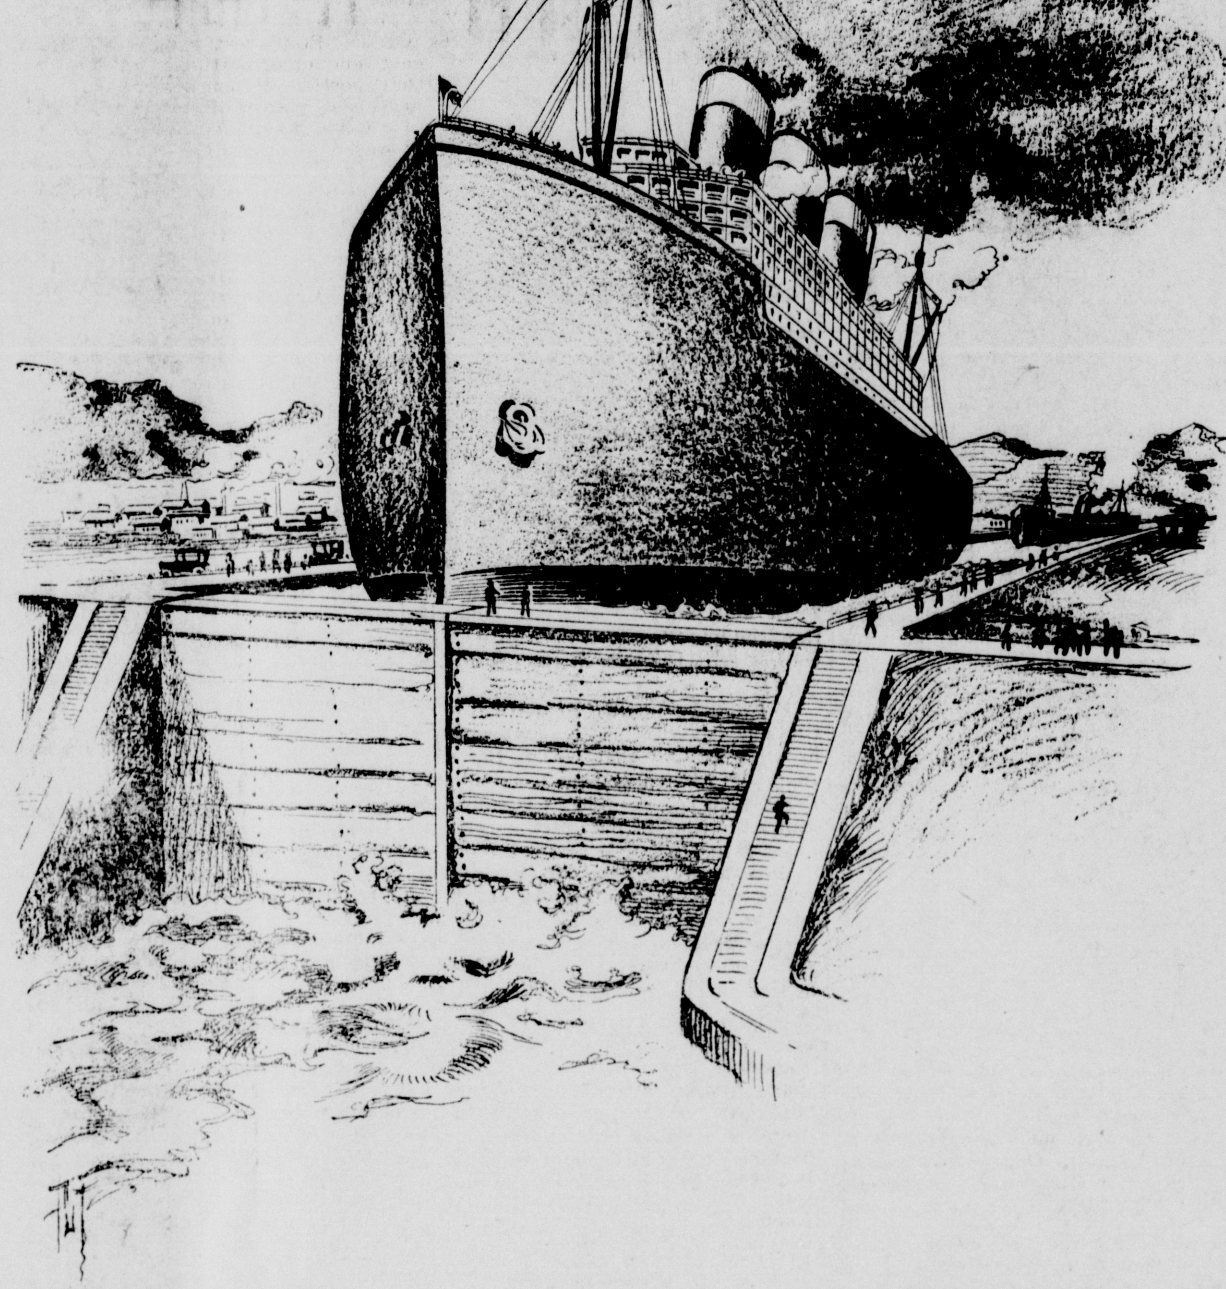

Estate of William Drickens, deceased.  
Notice is hereby given by the undersigned executrix of the estate of William Drickens, deceased, to the creditors of, and all persons having claims or demands against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 11th day of March, 1913) to the said executrix at the office of W. H. Thomas, Opera House Block, Santa Ana, California, which is the place hereby designated as the place for the transaction of business in connection with said estate, in the County of Orange.

Dated this 19th day of March A. D. 1913.  
CAROLINE DRICKENS, Executrix of the Estate of William Drickens, deceased.

### NOTICE OF SALE UNDER DEED OF TRUST

Whereas, The Morton Dairy Company, a corporation, did, on the 6th day of November, 1911, execute and deliver a certain deed of trust to the Abstract and Title Guaranty Company, a corporation, with its principal place of business in Santa Ana, California, as trustee, for the benefit, and as security, for the payment of certain promissory notes in favor of Santa Ana Jersey Farm, a corporation, which deed of trust was recorded in the office of the County Recorder of the County of Orange, State of California, in Book 292, page 533 of Deeds, Records of said Orange County.

## ships will be coming through the Panama Canal in about 14 months

## Harbor Excursion

From Santa Ana Thursday, 9 A. M.  
A Trip to the Harbor, a 20-Mile Boat Ride,  
A Lecture on Panama and Free Luncheon—  
All for \$1.00

Visit the harbor and see for yourself whether you think the harbor can make money for you.

When the canal gates open in a few weeks, big harbor opportunities will be no more. Then—with the world's commerce at our docks—prices will assume their normal mark—double or treble what they are today.

Let our harbor experts explain to you all points of interest in the Inner and Outer Harbor. See Dominguez Harbor Tract—the only real, close-to-deep-water property on the market today, at low prices. That's why sales to date have run over \$300,000.

**Number Limited, Secure Tickets Early of Agents at ROSSMORE HOTEL**  
F. P. NEWPORT CO. 202-210 Central Bldg., Los Angeles, Cal.

order of the County of Orange, State of California, on the 19th day of November, 1911, in Book 292, page 533 of Deeds, Records of said Orange County.

And Whereas, The notes secured by said deed of trust have been duly assigned by the Santa Ana Jersey Farm to C. C. Ridgway and E. W. Ridgway.

And Whereas, default has been made by the said Morton Dairy Company in the payment of the principal and interest due on the promissory notes secured by the said deed of trust, and

Whereas, the said C. C. Ridgway and E. W. Ridgway have declared said notes to be in default and have demanded of the said Abstract and Title Guaranty Company that it sell the premises in said trust deed described, or so much thereof as may be necessary, in order to accomplish the object of said trust deed, and legal notice as provided for in the terms of the said trust deed.

Now, therefore, pursuant to said demand of said C. C. Ridgway and E. W. Ridgway and in accordance with the terms of the said deed of trust, the said Abstract and Title Guaranty Company, as such Trustee, does hereby give notice that on Wednesday, May 14th, 1913, at 10:00 o'clock a. m., on the said day, at the south door of the Courthouse in said Orange County, California, it will sell at public auction, for cash in gold coin of the United States, all of that certain property in said trust deed and in this notice hereinafter described or such parts thereof as may be necessary to accomplish the objects of said trust deed, and at said sale the holders of said notes, their agents or assigns, may bid and purchase. And out of the proceeds of said sale the said Abstract and Title Guaranty Company will deduct the expenses of this trust, including the compensation of said Trustee and counsel fee, as in said trust deed provided, together with all moneys due the said C. C. Ridgway and E. W. Ridgway, their heirs or assigns, under the terms and provisions of said trust deed, and the remainder, if any, to the order of the said Morton Dairy Company, its successors or assigns.

The property in said trust deed described and notice of sale of which is hereby given, is described as follows, to-wit: In the City of Santa Ana, County of Orange, State of California, and described as commencing in the center line of First street at the common corner of Sections Ten (10), Eleven (11), Fourteen (14), and Fifteen (15), Township Five (5) South, Range Ten (10) West, S. B. E. & M., and thence North along said line 1322 feet, more or less, to the place of beginning; thence East 143.4 feet to the point of beginning, containing 134 acres, more or less, reserving therefrom the North 35 feet for street purposes and the South 8 feet conveyed to the City of Santa Ana for sewer purposes.

Also commencing in the center line of First street in said City at a point 2906.13 feet West from the common corner of Sections 11, 12, 13 and 14, Township 5 South, Range 10 West, S. B. E. & M., said point being 38.13 feet West of the Sepulveda Tract, as per map thereof recorded in Book 31, page 197 of Deeds, Records of Los Angeles County, California; running thence West along said South line 413.4 feet, more or less, to the East line of Artesia street; thence North along said East line 1322 feet, more or less, to the center of First Street; thence East 143.4 feet to the point of beginning, containing 134 acres, more or less, reserving therefrom the North 35 feet for street purposes and the South 8 feet conveyed to the City of Santa Ana for sewer purposes.

Also commencing in the center line of First street in said City at a point 2906.13 feet West from the common corner of Sections 11, 12, 13 and 14, Township 5 South, Range 10 West, S. B. E. & M., said point being 38.13 feet West of the Sepulveda Tract, as per map thereof recorded in Book 31, page 197 of Deeds, Records of said Los Angeles County, California; running thence West along said South line 413.4 feet, more or less, to the East line of Artesia street; thence North along said East line 1322 feet, more or less, to the center of First Street; thence East 143.4 feet to the point of beginning, containing 134 acres, more or less, reserving therefrom the North 35 feet for street purposes and the South 8 feet conveyed to the City of Santa Ana for sewer purposes.

Also commencing at a point in the center of First street in the City of Santa Ana, 1942 feet West from the common corner to Sections 11 and 12, Township

### SIMPLIFIED SPELLING

The editor, having read the recommendations of the Simplified Spelling Board, and feeling that this subject would afford a tranquilizing relief from the acerbities of politics, turned to the literature of spelling reform, and was amazed to find such words as "asinine," "bars," "witless persons," and "idiots," hurled through the calm academic arena. Apparently publishers of spelling books will not find their old stock outlawed for some little time yet.

If you assembled a group of intelligent Germans or Italians or Frenchmen, and read to them a passage of their own tongue containing a lot of new words, they would all spell them about alike. But if all the college presidents of the United States were given such a passage in English, no two would agree on one spelling.

If too many changes are made all at once, the public and young people get the idea that there is no such thing as a single correct standing of good spelling. Josh Billings becomes as good as the president of Harvard. Any one can excuse his laziness and inattention at school, by the excuse that he is a phonetic speller.

Furthermore, wholesale changes involve confusion and labor for grown-up people who studied the old way, while the time of the children who are now learning to spell is comparatively cheap.

Nevertheless, the English language is being simplified all the time. Twenty years ago everybody spelled it "programme." Today probably the majority of newspapers cut off the word's superfluous petticoats. When Americans spell "honor" without any "u," English cousins call it western barbarism. When the letter "k" was left off "critic" and "public," many editors kept on using the "k" for a generation. But these old spellings would look as grotesque today as knee breeches and silver buckles.

### LIMITATION OF ARMAMENT

The proposal of Winston Churchill in the English parliament, that the people of the world stop building new war armament for a year, will no doubt be received across the water as very much of a joke. Yet it shows that there are a number of people in Europe who have a degree of intelligence equal to what was being exhibited in the United States 190 years ago.

During the year 1817, it was agreed between this country and Canada, that the naval armament on the inland lakes should consist of only four vessels for each side. These toy ships should not exceed one hundred tons burden apiece, and each might carry an eighteen-pounder, one for Lake Champlain, one for Lake Ontario and two for the upper lakes. About one hundred forts were dismantled, and their guns turned into park ornaments. Who can tell what an enormous help that agreement has been to the prosperity of the United States and Canada? Had it not been made, congress and the Canadian parliament would be besieged yearly for more fearsome engines of war and slaughter, all of which would go to the scrap heap every few years through some new discovery.

This is no argument for the disarmament of the United States. This country sits at the first table of world politics, and it must play the game with the hands it has to meet. It must keep on building battleships and hold somewhere near its present naval rank. This must continue until such time as the European powers acquire an amount of business common sense equal to that shown in this country and Canada since the year 1817. Since that time there have been many bitter, irritating disputes between the United States and Canada. They have been settled with the pen and the typewriter through trading concessions and advantages. All they have cost has been the day labor of a few able diplomats on each side. About when will Europe learn this simple lesson and stop throwing its money and ours into the sea?

### TO MAKE BABIES IMMUNE

An interesting experiment for the purpose of creating immunity against tuberculosis is being tried in Pittsburgh under the direction of the Tuberculosis League of that city. Dr. William Charles White, Medical director of the league, says it will probably take ten years before definite results of the work will be appreciated.

The experiment is being conducted on the theory that much, if not all, tuberculosis infection begins in childhood. In view of this fact, the League

is aiming to supervise the growth of every baby born for the next ten years in the South Side district of Pittsburgh. The babies and their mothers will be taken in charge at the birth of the infant, and everything possible will be done to increase the resisting power of the child to disease and to make it thereby immune to tuberculosis infection. The theory of the Society is that by fortifying the body in the earliest period of a child's life, the infant will, in most cases, become immune to the diseases with which heredity and environment may threaten it.

Rheumatism as a result of kidney trouble, stiff and aching joints, backache, lumbago and sore kidneys, all yield quickly to the healing and curative qualities of Foley Kidney Pills. They regulate urinary irregularities, and restore normal action. John Velt, Foster, Calif., says: "I suffered many years with kidney troubles and could never get relief until I tried Foley Kidney Pills which effected a complete cure." Contain no habit forming drugs. Rowley Drug Co., White Cross Drug Co.—Advertisement.

## SOME CABINET SKETCHES

(ALBERT SIDNEY BURLISON)

WASHINGTON, April 8.—The choicest southern dialect in the new cabinet is furnished by Representative Albert Sidney Burlison of Austin, Texas. He has achieved a reputation in congress as a firebrand operator, and as the wearer of the most comfortable-looking summer clothes of any legislator—said garments being a washable blue-jeans sort of stuff, that hangs loosely about Burlison's spare frame. One other Burlison characteristic is a "bang" of hair that curls forward over his high forehead.

Since Representative Burlison left to become governor of New York, it is the finest bang in congress.

Burlison is a planter and a lawyer. He is fifty years of age, chock-full of nervous energy and intensely earnest in his conversation. His favorite posture in debate is with his shoulders hunched forward, his head

twisted sideways, his florid face all pucked up, and an admonitory finger extended. He has a high-pitched voice, caressingly southern in its drawl. Burlison is comfortably well-off and knows farming—particularly southern farming—from the ground up. He has served as a member of the house agricultural committee for years, but recently left that body to devote all his committee time to the big appropriations committee.

Burlison was born at San Marcos, Texas. He was educated at the Texas Agricultural and Mechanical college, Baylor University, and the University of Texas, and started law practice in 1883. For six years he served as assistant city attorney of Austin, and was appointed states attorney in 1887, and elected to that place for three terms. He first came to congress in 1898.

### THE WHITE MAN AND "THE BOOK"

L. H. Koepsel.)

CHAPTER II.

When several lessons had been exhausted and Myang had arranged his time to accommodate me, he announced that he would remain one hour after each lesson for the discussions. I endeavored to have him begin these discussions, but with true oriental politeness he suggested that since I had made the proposition, it was the right thing for me to begin. It was also agreed that no reference books should be used but the Bible and the Laws of Guatemala. Each accepting the other as sincere, neither would make any statement but what was accepted as a fact among our respective devotees.

The beginning was a difficult proposition. To use words which would express exact ideas demanded more than ordinary care. With these thoughts I began the narrative: "Long years past there lived a man by the name of Moses. God spoke to him as people talk to each other today. This man became, owing to his fitness, a leader, lawgiver and deliverer of some one and a half millions of people called Israelites or Hebrews, who were in bondage in Egypt. Having led his own people, for he always was an Israelite, into freedom, he made a prediction. It was as follows: 'The Lord, your God, will raise up from among your brothers a prophet, as he did me. To him you must listen. All who will not heed him will be entirely exterminated.'

"Rather an awful and cruel prediction," interposed Myang.

Lest the current should start running in some other direction, I appeared not to hear the interruption, and continued:

"The man Moses spoke of was Jesus of Nazareth, whom in Greek we call Christ. We could have named him the Anointed One, the Chosen One, the Blessed One, and many other like names, because they mean almost one and the same thing. Jesus, the Christ, came from what we call Heaven. He left the Spiritual Country and took upon himself the form of man so that he might set a perfect example, make a sacrifice of himself, and communicate the True Laws of God to all people through his followers. He was God's son in human form."

Here Myang interrupted again. "That," he said, "is a universal conception among all people of the 'east.' There is no prominent religion of the past or the present but assumes a similar basis. There were many incarnations of Vishnu, Krishna and other gods of the Hindus. Even the Greek and Roman religions had for their founders the offspring of male gods and women. In fact, nearly all religions have a 'trinity.' Every such a religion has a doctrine of an incarnation, a god becoming a man, in order that he might speak with people."

The wide range of this man's learning caused me to be even more concerned about proper language in which to convey the necessary facts.

"There came a day," I proceeded, "when Jesus was grown, being about thirty years of age, that he was immersed in the waters of the Jordan river by his cousin John. All of the people who had plunged into the waters before him called themselves breakers of God's laws, owning themselves to be sinners. Jesus did not confess himself to be one, since he was pure and holy, and hence this was a sign that he was the Chosen One who should reveal the true way of life to the people. This was not all. While Jesus was praying, after his baptism, the form of a bird came from the sky and lit upon his head, while from the sky came a voice which said: 'This is my son, my Chosen One. It is to him you must listen.'

Again Myang broke in: "Marvelous! Strange, indeed! that we do not have such events in the lives of people today. The ancients mention such things, but I never saw a man who had converse with any supermundane person, nor have I seen any person who did say that he had seen some one who talked with spirits."

SHYLOCK—A great two-reel special from the "Merchant of Venice." A gorgeous and splendidly portrayed production. Two other new pictures and a head-line vaudeville number

### Sather and Sweney

# Doings In Social and Club Circles

## CRYSTAL WEDDING DAY

Fifteenth Marriage Anniversary of Mr. and Mrs. Elton Roehm Was Observed

Mr. and Mrs. Elton Roehm of South Birch street entertained with a six o'clock dinner on last Saturday. The house was handsomely decorated with lilies and ferns while the dining table held out glass bowls of roses. At the conclusion of the sixth course the host greatly surprised his guests by announcing that the dinner marked the fifteenth wedding anniversary of his wife and himself and asked them to accept the crystal favors marking each place.

Mr. and Mrs. Roehm were assisted in receiving by Mrs. Roehm's mother, Mrs. Johnson, while her sister, Miss Esther Johnson, helped greatly in entertaining by piano and vocal music.

There were place cards for Messrs. and Mesdames Couch, Loomis, Clark, Osborne, Haselet, Short, all of Los Angeles; Dr. and Mrs. Sylvester of Redlands; with Dr. and Mrs. Irving and Mr. and Mrs. W. R. Sylvester representing Santa Ana. Several of those present were old Cleveland, Ohio, friends of Mr. and Mrs. Roehm.

### At the Baumgartners

That section of the travel department of the Ebell Society which was the first of the travel sections to be formed, and which has always differentiated itself by the orthography of its title, spelling it as "The Travellers," was entertained in regular meeting yesterday afternoon at the lovely home of Mrs. J. P. Baumgartner. Sweet wild flowers, which are making the earth beautiful just now, were used in profusion in the living room and reception hall, while exquisite Mariposa lilies bloomed in the dining room, all the flowers combining in a refreshing color scheme of white and yellow tints.

The reading period carried the ladies into those exciting days when "Merrie England" was busy with riding herself of King Charles II. by the summary methods of those troublous times.

A delightful reading from David Grayson's gentle stories of "The Friendly Road," given after the study hour, proved a far cry from that sanguinary period of early English history of which the clubwomen had just been hearing. The gracious days of modern times seemed doubly far in the light of history.

At the conclusion of the readings, Mrs. Baumgartner, assisted by her sister, Mrs. Ella Palmer, served most delectable refreshments, preserving the color scheme throughout the collation, which included pressed chicken, home-made hot biscuits, translucent melon pickles, angel food and golden cake, and coffee. The informality of the social hour always enjoyed by the Travellers renders it particularly pleasing, giving time to chat over the day's happenings and to plan for future pleasures.

In the hour following the departure of the Travellers, Mr. Baumgartner arrived from Pasadena accompanied by Mr. and Mrs. John Traylor and their little son, John, and Miss Leila Traylor, the party making the journey by automobile. The guests came down particularly to celebrate Mrs. Traylor's birthday, occurring today. A dainty birthday supper was served, the pretty afternoon decorations giving a properly festive air to the dining room.

Today the real birthday was spent by Mr. and Mrs. Traylor and their son, Mrs. Palmer and Miss Traylor, in picturesque Orange County Park, where they enjoyed the hours in picnic fashion.

### For Bride-to-Be

Among the pleasant affairs given recently in honor of Miss Verna Brooks, who is to be married April 9th to Mr. Geo. R. Hall, was a charming dinner given by Mr. and Mrs. A. C. Williams at their Tustin home.

The evening was spent in music and conversation, at the close of which Miss Brooks was presented with some beautiful silverware by the host and hostess.

Those present besides the host and hostess and their little son, Gerald, were Mr. and Mrs. T. F. Brooks, Mr. and Mrs. Ralph Williams, Miss Verna Brooks, Mr. Geo. R. Hall, Mr. Jay Brooks.

## THE DAY NURSERY

Generous Friends Continue to Aid Institution for Care of Little Ones

The records show that the attendance and interest this month are a little in advance of the report for the same month last year.

We are indebted to the following good friends for clothing: Mrs. Hickox, Mrs. D. L. Anderson, Mrs. Cox, Mrs. Potter, Mrs. Getty, Mrs. Stone, Mrs. Brince, Mrs. Finley, Mrs. McFadden, Mrs. Whitson, Mrs. Walter Thomas, Mrs. A. J. Crookshank, Mrs. L. A. White, Mrs. E. Pomeroy, Mrs. W. D. Baker, Mr. A. J. Perkins, Mr. O. L. Heffner.

For fuel and jam: Mr. Henderson, Mrs. Dale, Mrs. J. E. Pleasants and Mr. D. W. Knight; for pies, books and buns: "The Dragon," milk, Mrs. Schenck; candy rabbits, Miss Rowlette; meal, crackers, sugar, cereal and corn bread, Mrs. Rice of Tustin; bed and bedding, Margaret Tingley of Tustin; scrap books, pictures, cards, Mrs. Padgham's Sunday School Class of the Church of the Messiah; groceries, Mrs. Gordon. "The King's Daughters" made children's clothes and sent them with Easter eggs and jelly on Easter.

### Delightful Musicale

A large gathering of pupils, parents and friends listened to a splendidly rendered program of piano numbers at the Orange County Conservatory of Music studios on Saturday afternoon, this being the last of the weekly musicales to be given before the spring vacation, taking place next week.

The pupils playing were from Miss Haughton's class, the greater part of the work being from the kindergarten department. A few of her more advanced pupils played, however, and these numbers together with the theoretical demonstrations given by a few of the kindergartners lent a pleasing variety to the program.

As usual nearly all numbers were played from memory. An unhesitating execution, careful attention to dynamics, rhythm, phrasing and all the subtle features of artistic rendition were noticeable in a degree quite extraordinary for amateur performers.

The skill and efficiency of the instructors of the Orange County Conservatory of Music and the superior quality of students attracted by that institution combine to produce most excellent results. It did not require a trained observer to pick out several students among those who performed last Saturday who possess musical talent almost equivalent to genius itself. In the atmosphere of a school devoted to the art in its broader aspects such talent is bound to come to its proper fruition.

The pupils giving the program were Velma Whimant, Ruth Langley, Sarah Sebastian, Ruth Mills, Eileen Young, Ruth Finley, Elena Mercereau, Elizabeth Parslow, Emma and Fay Titus, Ruth Violet, Vivian Cox, Eunice Jones, John and Waldo Weirly, John Parslow, Newton Pierce, Carl Wiesseman, Earl Simon, Jack Langley.

### Club's Red Letter Day

April 7 was truly a red letter day for the members of Travel Section Number Two, beginning with the hour when as they threw dull care to the winds and wended their way to the beautiful home of Miss Mary Taylor on Edgewood Road. The home was aglow with lovely Dutchess roses and other spring flowers.

The bountiful picnic luncheon taken by the members of the club was supplemented with coffee and roast chicken provided by the hostess. The luncheon was served cafeteria style and afforded an opportunity for cheerful chat. Besides the members of the club enjoying the luncheon there were present three guests of the club: Mrs. Otto S. Russell, Mrs. J. W. Burns of Ft. Wayne, Indiana, and Miss Ethel French.

It was decided to omit the regular reading, but roll call was responded to with current events bearing on the woman suffrage situation in America and England. Following this was a delightful program taking the place of the study hour, the first number being a vocal solo by "Mme. Tetrazzini." This was followed by a reading given by Mrs. S. M. Dearing of Orange, she reading Kipling's "Wee Willie Winkie" in her own charming way. Mrs. Dearing was obliged to respond to an insistent encore.

Mrs. Scarborough gave that laughable reading, "Sally Ann," in her inimitable way, and Mrs. Emerson contributed a delightful vocal solo. The Victrola music was interspersed and later all the guests enjoyed singing favorite songs until sundown reminded them that it was time to say "Auf Wiedersehen."

### Will Remove to Arizona

Mrs. Wm. Besser, her son, Frank Besser, and son-in-law, Wm. Flemming, left Monday in the Besser auto for Phoenix, Ariz. Mr. Besser has already located in Arizona, and the family expect to join him as soon as arrangements are made for moving. Mrs. Besser will return to Santa Ana in a few days after her arrival at Phoenix. Mrs. Flemming and little son are at the Santa Ana home of

**YOU** want a style as crisp as a new blade of grass. You need it. It is essential to your success.

Hirsh Wickwire or Society Brand will tickle you—no other word can express it. They're refreshing to look upon and they'll serve you as clothes seldom have. Always Reliable.

the Bessers, awaiting the arrival of their household effects in Phoenix.

### A Tender Concert

The Japanese of Santa Ana, especially the members of the Japanese mission, are greatly missing Rev. K. Fujita, who left recently for Andover college, where he had been given a scholarship and where he will pursue a theological course. Mr. Fujita left behind him in Santa Ana many American friends as well as Japanese who will wish him every success in his work.

Just prior to his leaving for the east Mr. Fujita was the center of a quiet fellowship meeting at the Congregational church, with which the Japanese mission of which he was the head was allied, both Americans and Japanese being present. He responded feelingly to the kind and friendly wishes spoken there and expressed a wish to plant two cherry trees into which, according to Japanese belief, his good will or "good spirit" towards the church might enter and thus be embodied in the growth and bloom and fruitage of the tree. He accordingly did this and the two cherry trees planted in the church yard, will be carefully nurtured by his American friends and co-workers of the Congregational church, to whom he had endeared himself while here.

### Pupils' Recital

A very interesting recital was given by the pupils of Mrs. A. J. Padgham at her home, 208 Ninth street, on Saturday afternoon. Mrs. Padgham gave valuable instruction to the pupils in musical etiquette. Parents and friends greatly enjoyed the program. They are always welcome at these recitals.

Those taking part in the program were Margaret Tingley, Rebecca Joplin, Mildred Marchant, Miriam Kraft, Roberta Davies, Ruth Andrews, Margaret May, Marion Doyle, Edith Lutz and Beth Phillips.

### Successful "Y" Meeting

The regular monthly meeting of the Santa Ana "Y" was held Monday night at the home of Marie Harris, 636 Van Ness avenue. After the devotional service a short program was given. The main feature of the evening was a debate on the question, "Resolved, that the girls are equally responsible with the boys for the present use of tobacco." Ralph Jayne and Eleanor Egge upheld the affirmative while the negative was championed by Corinne Burns and Maurice McElree. Fay McDowell, Elsie Wingood and Stewart Smith acted as judges. The decision was two in favor of the negative and one for the affirmative.

The remainder of the evening was spent in games and conversation. Delightful refreshments of pie and punch were served by the hostess. A large crowd of young people attended, all having a delightful time.

## Personals

Miss Grace Whited of the Domestic Science department of the high school has returned from visiting the Riverside schools. Miss Whited left here last Friday evening, returning last night. Mrs. McMath had charge of the department while Miss Whited was absent.

In a letter to a friend in Santa Ana, Mrs. J. G. Morrow writes that her husband's health has improved steadily in a drier climate and that he has averaged a gain of three-quarters of a pound per day since they established themselves in a cottage at Banning. The Morrrows have a host of friends in this city to whom this will be good news indeed.

Miss Florence Case of Los Angeles and formerly of Tustin, is making a brief visit to Miss Louise Jerome at the Irvine ranch house.

Mrs. Alice M. Sauer, her daughter, Mrs. Lotter and baby, Marion, have taken rooms in Santa Ana for a few weeks. Their home is at San Diego.

Mrs. A. M. Robbins went to Hollywood yesterday morning to visit an old classmate, Mrs. Fred Higgins. She will return tomorrow evening.

Mr. and Mrs. W. J. Wells took their house guests, Mr. and Mrs. J. Frank Coffin, of Lodi, Wisconsin, for an automobile ride Sunday with Laguna Beach for the objective point. The visitors were captivated at first sight by the quaintness and beauty of Laguna.

Mr. and Mrs. Jasper Leck and their son, Ira Leck, and his wife left today for a ten days' trip, going to Mono county. They will go by train to Bishop and from there will motor to

Mono. The trip will unite both business and pleasure.

Miss Pearl Thompson of the Dragon left this afternoon for San Diego for a short spring vacation.

Mrs. F. B. Browning greeted her sister this morning on her arrival on a Santa Fe train. She will visit here.

## Useful Hints for Women

Take an old umbrella (one with a hook handle preferred), tear away the covering, bind the ribs with strips of white muslin. Put a hook in the kitchen ceiling over the stove. Hang umbrella on hook, and hang up baby's clothes to dry.

The poisonous articles to keep mice away are dangerous if there are children. Mice do not like the smell of peppermint, and a little oil of peppermint spread around their hiding places will keep them away.

When the drawers of the dresser, chiffonier, etc., stick, remove the drawer and rub the slides well with paraffin and save your temper.

Keep pearls in common dry magazine instead of the cotton wool used in jewel cases and they will never lose their brilliancy.

Place a piece of brown or tissue paper over the teeth of the upper jaw and nose-bleeding will stop at once—a recipe worth knowing.

Before using a new lamp chimney, wrap it in cloth and place in a kettle of cold water. Bring it to a boil and boil for fifteen minutes. Let the water cool before removing chimney. No ordinary heat will break a chimney treated in this way.

Drain off your leftover coffee and when you have a quart, mix with a tablespoonful of sweet oil. Wash the furniture with this and polish with a dry cloth. If the coffee is strong it will cover all scratches.

Cover the floor of the kitchen with good linoleum. It is much easier to stand and walk on, does not tire the feet as a harder floor, and, when properly laid, is more easily cleaned and kept clean, therefore more sanitary and labor saving than a wood floor.

Do not cut heavy cord or cardboard with scissors, for it will spread the blades and destroy the usefulness of the scissors. Keep a knife handy for this purpose.

Sponges should always be hung by cords on hooks that they may get all the air possible, and it is best to put them in the open air just outside of the window to dry.

Castors on the legs of the kitchen table will be found a great convenience. When this article of furniture is to be moved there will be no danger of straining one's self.

When using stale bread for puddings always soak it in a cold liquid. Bread that has been soaked in cold milk or water is light and crumbly, whereas that soaked in hot liquid is heavy.

Grease stains on leather may be removed by carefully applying benzine or perfectly pure turpentine, wash the spots over afterward with well-beaten white of an egg or a good leather reviver.

The improved pie pan has a blade fastened to the center which revolves around the bottom of the dish beneath the pie crust when the end protruding from the side of the dish is moved.

The busy house mother will save much time if, on ironing day, she will use the wringer for a mangle to press folded towels, sheets, and knit underwear.

To clean white felt hats put some borax in a piece of cheese cloth and clean the hat with it, rubbing quite hard, then brush off with a clean brush. If it is not yet clean repeat the process. The hat should be placed on a clean cloth while being cleaned.

**RAPID TRANSIT TO EXPAND**  
LOGAN, Utah, April 8.—The Logan Rapid Transit company is getting ready to extend north and south of this city. Manager Robert Anderson of the Rapid Transit company says that 15 miles of steel has been ordered and that there are several thousand ties on hand.

## BORN

HOFFMAN—In Santa Ana, on April 6, 1913, to Mr. and Mrs. Asa Hoffman, a daughter.

## LUTZ AUTOMOBILE "AD" ERROR CORRECTED TODAY

In the Wm. F. Lutz Company's display advertisement in yesterday's Register, the positions of two automobile cuts were changed by mistake, which made a vast difference in the meaning to be conveyed. The price and description of the Studebaker "25" appeared below the cut of the Studebaker "35" and vice versa. To day the advertisement is reprinted with the cuts in their proper positions.

The Lutz Company believe they have about the best automobile proposition on the market when but the plain facts are stated and as the shifting of the cuts made it still more attractive, they insist on this correction being made, and the Register takes pleasure in making it.

## RESOLUTION REMINDER OF NEWHOPE TRAGEDY

A resolution has been recorded showing that the directors of the Talbert drainage district have extended its boundaries to include lands owned by S. H. Overacker who is serving sentence in Folsom for manslaughter. He shot G. A. Winn in a quarrel over the drainage of Overacker's lands. Winn put up a dike that kept water from flowing off Overacker's lands in the natural manner.

## THINK THIEF WAS AFTER THE POULTRY

Last night about 10 o'clock Officers Murray and Gilbert went to 213 South Sycamore street on a telephone call that gave the information that someone was in the chicken-yard at that place. The officers rode up quietly, but the thief had taken alarm and fled.

## RECEIPT RECEIVED FOR MONEY SENT

J. C. Metzgar, secretary of the Santa Ana Chamber of Commerce, today received by mail a receipt for \$1000, the first installment of over \$2200 contributed recently to the American National Red Cross. The receipt is signed by Charles L. Meyer. The money is to go to the flood sufferers' fund.

## INSPECTOR BLEE TO LEAVE FOR NEW POST

Harry Blee leaves tomorrow for San Bernardino, to which place he has been transferred by the immigration service in which he is an inspector. Blee has been in the service since 1904 and has made an exceptionally fine record. While stationed here he made a number of excellent captures of Chinese and Japanese being brought in from Mexico. His work in San Bernardino will give him a wider field than was possible here. Included in his duties there will be the frequent inspection of the insane asylum at Patton on the lookout for insane aliens who should be deported. Blee's place here will be filled by Inspector McMahon, who arrived here recently.

### An Offer to Appreciators

—I have for sale a Steinway Grand, cost \$1150; will sell it for \$750. Now is the time to put into your home the standard grand piano of the world. It is in absolutely perfect condition, not a flaw in it of any kind. The reason for selling: Goint East. J. C. Lyons. Call at 616 N. Main St., or phone Sunset 696J.

### Flowers Received

Today two bouquets were placed in the Chamber of Commerce rooms by Mrs. M. Nilsson. John F. Collin brought in a bouquet of roses and Mrs. Louise Brown a bouquet of bridal wreath.

Dr. Mabel Vance Tremain, osteopath. Hours 10 to 4. Residence phone Orange 366W4.

## AT THE COURTHOUSE

SUIT WILL WIND  
UP RIGHT-OF-  
WAY

Action Begun Today for Strip  
Through Dr. J. R. Medlock's  
Walnut Orchard

THREE-QUARTERS  
OF ACRE ASKED

Westminster Man Given An-  
other Chance by Judge West  
to Keep Sober

Today there was filed in the superior court a condemnation complaint in which the Pacific Electric is the plaintiff and Dr. J. R. Medlock, John A. Engel and A. L. Moye are the defendants. This is the last step in the clearing up of a right-of-way between Santa Ana and Orange for the extension of the electric line to that city. Two other condemnation suits have been disposed of and deeds have been secured all along the line, except for this one strip.

The property belongs to Dr. Medlock, a pioneer physician of Santa Ana. Engel and Moye are named as defendants, possibly because of the reservation on the north side of the place for a roadway.

Dr. Medlock's property consists of twenty acres set to walnuts on North Main street, the second piece of property on the east side of the street north of the Santiago creek. The P. E. proposes to have its tracks curve eastward at a point about in the center of the frontage on Main street, curving to the north line of the property and going straight east on the property directly north of Dr. Medlock's property. Dr. Medlock's twenty acres is set to walnuts, an orchard that the physician has owned for a quarter of a century. The strip that is asked will comprise 744 of an acre. All negotiations to reach a settlement for this strip failed, and condemnation proceedings were begun. J. W. McKinley of Los Angeles is attorney for the plaintiff.

## Sent Back Home

J. D. Miller of Westminster had a hearing yesterday before Judge West. Miller was out on probation after an appearance in court on a charge of being an habitual inebriate. He yesterday promised to refrain from drinking, and the judge gave him another chance to make good.

## Case Dismissed

A dismissal has been entered in the case of Harry Jessup against Harry Spencer and J. P. Skinner, attorneys on both sides stipulating the dismissal. Jessup sued for possession of beans worth \$229.

## Plea Is Changed

Yesterday afternoon Santiago Banderas changed his plea from not guilty to guilty. He was on trial for an attack upon Tomaso Canales, a 15-year-

old girl of East Talbert, and it was after the evidence was in against him that he changed his plea. He was represented by Attorneys Green and Murphy of Los Angeles. Sentence will be passed Thursday morning at 9 o'clock.

## Appraisers Named

Judge West has appointed D. W. Gruwell, T. R. Youngs and J. G. Quick as appraisers of the estate of Herbert C. Bates, deceased.

## Petition Filed

Carrie E. Pollock has petitioned the superior court for letters of administration on the estate of Eva C. White, whose estate is valued at \$2125. Hartwick & Hinds of Orange are attorneys for the petitioner.

## Marriage License

William G. Gantler, 23, of Santa Ana, and Amy B. Trask, 20, of Los

## No Taste For Music

A thief broke into a Madison avenue mansion early one morning and found himself in the music room. Hearing foot steps approaching he took refuge behind a screen.

From 8 to 9 o'clock the eldest daughter had a singing lesson. From 9 to 10 o'clock the second daughter took a piano lesson.

From 10 to 11 the eldest son had a violin lesson. From 11 to 12 the other son had a lesson on the flute.

At 12:15 all the brothers and sisters assembled and studied an ear-splitting piece for voice, piano, violin and flute.

At 12:45 the thief staggered out from behind the screen and falling at their feet cried:

"For heaven's sake have me arrested."—From Norman E. Mack's National Monthly.

A HEALTHY MIND  
IN HEALTHY BODY  
IS VITAL NEED

In the April Woman's Home Companion appears a valuable and suggestive article entitled "A Healthy Mind in a Healthy Body." Following is an extract:

"Among those perverted and unhealthy mental and emotional states of a positive nature are those of hatred, anger, jealousy, resentment, ill will, ill temper. Their results are generally more quickly noticeable and therefore are more pronounced. When one gives way to and is dominated even for a short period by the passion, say, of intense anger, there is set into operation a sort of mental and bodily thunder storm, which does immense damage, and whose consequences are sometimes violent and of long standing. There are numbers of readers of this very article whose own experiences will but add testimony to this statement. We do not yet know exactly what the process is—we do know, however, that the ill results are very definite and very costly.

"How many times has a man, 'livid with rage,' been brought down before long by an illness, or by a stroke of apoplexy, the same as many another has been brought down more gradually, through strain and over worry. This is in keeping with the statement of one authority when he says: 'Every emotion of a false and disagreeable nature produces a poison in the blood and cell-tissues,' and also that, 'agreeable, happy emotions generate chemical compounds of nutritious value, which stimulate the cells to manufacture energy.'

"Shall we consider one more specific case of a concrete nature? It is but one of a number the authenticity of which is well established. The mother was strong, healthy, well developed and not especially of a nervous make-up. Her young babe was strong and perfectly well. The mother was thrown into a fit of violent anger by a certain occurrence. Soon after her babe being hungry and calling for food, she gave it her breast. It was soon after attacked with spasms and died in convulsions within a short time. It is the consensus of opinion of the best authorities that the child's death was due to the mother's violent anger—a poison was engendered which found its way into the mother's milk, and was thus transmitted to the child. Medical books contain, and medical authorities cite, almost numberless cases of a more or less similar import."

## IN THE JUSTICE COURT

HIS POSITION  
NOT ENVIABLE

Garden Grove Man Gives \$1500

Bail—His Preliminary Set  
for April 24

Five of Seven Mexicans Arrested  
Pleaded Guilty to Gambling Charge

W. E. Polson of Garden Grove is in a serious predicament. The charge against him as the result of a collision on North Main street Sunday afternoon is a felony, and the evidence against Polson is extremely strong, so that if the law holds good he seems very likely to be convicted.

Yesterday afternoon Polson was brought into Justice Cox's court, where his preliminary examination was set for 10 o'clock, April 24. His bond was fixed at \$1500, which was given by Fred T. Kurtz and J. D. Price of Garden Grove. Polson was not represented by an attorney.

The charge under which Polson is to be prosecuted is peculiar. The statute makes it a crime for any person while intoxicated to operate a motor vehicle upon a highway, thereby causing some person bodily harm. Under the law as it now stands an intoxicated man might drive an automobile at high speed and endanger the lives of many persons unless he injured somebody. As soon as the injury is committed, the act becomes a felony. There is another law that seems to make the crime a misdemeanor, but it is on the felony ground that Polson is to be prosecuted by the district attorney's office.

The present legislature has before it a measure that proposes to make it a felony for any person while intoxicated to drive a motor vehicle, whether harm is done to any person or not.

The two women and three children who were in the surly smashed by Polson's automobile are all getting along well, their injuries not being serious though Mrs. Harper and her son and Miss Caldwell have suffered considerably from their injuries.

## Five Pleaded Guilty

Seven Mexicans from Yorba faced Justice Cox yesterday afternoon. It was a disconsolate and much worried contingent that heard the charges read. They were accused of gambling at the home of Domingo Romero at Yorba. Romero admitted that so far as he was concerned, he gambled. V. Gonzales, G. Oroso, M. Celaya and R. Castro added their "si, senor" to Romero's, but G. Andrade and H. Magee couldn't save it that way. They pleaded not guilty, and are to be tried on April 18.

The justice decided that about \$100 apiece would do for the five gamblers who had pleaded guilty. There was not \$100 among the seven, let alone \$500. They were taken back to jail, and Romero and Gonzales have hopes of raising \$100 apiece today. Gonzales, however, must face another charge. He is accused of carrying a concealed weapon, a revolver.

## Over to Wednesday

Pedro Villalobos, charged with disturbing the peace, told Justice Cox he was willing to plead guilty to being intoxicated but not to disturbing the peace. He was riding a bicycle on North Main street Sunday afternoon, and fell several times, once in front of a horse and buggy. The justice set the case for trial tomorrow.

## Sainz's Brother

Daniel Sainz visited the sheriff's office yesterday afternoon to report that someone had stolen a harness from him on a ranch west of Fairview. Under Sheriff Law investigation of the matter, but could find no trace that seems likely to lead to an arrest. Some interest surrounded the case by reason of the fact that the complainant is a brother of Rosario Sainz, desperado, sentenced to life imprisonment at San Quentin for the murder of a sheep-shearer about

OFFICERS HUNT  
FOR A PEEPER

Both Santa Ana and Orange  
Residents Report Disturbances to the Police

Santa Ana and Orange both have a Peeping Tom, or possibly one man of that kind is dividing his attention between the two places. In Santa Ana the undesirable has been seen near the corner of Mortimer and Fifth streets and at Orange he has been seen near the high school on North Glassell street.

Nightwatchman Gilbert has been called out twice in the last three or four nights in attempts to catch the man here. Once he was seen peeping into a window of a house on East Fifth street. Last night about 9:30 o'clock a call came with information that a man's footsteps had been heard on the porch of a house in the same vicinity. Gilbert searched the neighborhood thoroughly but got no trace of the disturber.

## A Forced Argument

Lige, an old darkey, was suing his wife for divorce and stated in his al-

legations that his wife had run off with another negro and that she refused to return and live with him. A party meeting up with Lige remarked: "Lige, I understand that you are suing your wife for divorce?" "Yas, sir, I done gone and sued her." "Well, Lige, upon what grounds are you bringing your suit?" "Poss, it's jist like dis: She bin round off wid nudder nigger bout fo' years and a Est made up my mind to quit her."—National Monthly.

## WHEN IT LAST RANG

Seventy years ago, February 22, the Liberty bell was rung for the last time. This is contrary to the popular belief.

The usual theory put forth is that the old bell was cracked in 1835 and ceased to be rung after that time. Part of this notion is correct and part is wrong.

On the morning of June 8, 1835, the Liberty bell, which for a century had been the city's greatest instrument for showing joy or grief, was being tolled for Chief Justice John Marshall.

On that occasion it was badly cracked. But, broken as it was, the bell was afterward rung on great occasions, although the tones were but sorry reminders of the once powerful sound. So it happened that 70 years ago—Washington's birthday, 1843—the old bell was once again tolled in joy. At that time, however, the previous crack became so wide that the tones were completely broken.

It was never rung again after that day and for 70 years it has remained voiceless.—Philadelphia Ledger.

FIRE ALARM  
CONTRACT LET

Orange Is Going to Have an Efficient System Within Next Three Months

ORANGE, April 8.—Within three months this city is going to have an efficient fire alarm system. At a meeting of the city trustees last night a contract was let to the Gamewell company for the installation of a fire alarm system, the cost to be \$2155. Ten boxes will be put in, one of them at telephone headquarters. An automatic arrangement will be provided whereby the water works whistle will give signals.

Orange is already provided with an excellent fire department, which is equipped with a fine motor truck.

## To Give Play

The seniors of the Orange Union High School have selected "Ann of Old Salem" for presentation during commencement week next June. Miss Frances Pixley of Orange is to have the direction of the students in the preparation for the production.

SUFFRAGETTES SOUGHT  
CASTLE'S DESTRUCTION

DUDLEY, England, April 8.—Shattering the walls of the keeper's cottage, and slightly damaging the castle walls, the suffragettes today attempted to dynamite the ruins of ancient Dudley Castle. "Votes for Women and Damn the Consequences" was painted on the old siege cannon at the entrance to the grounds. Another placard read: "In Honor of Mrs. Pankhurst."

## FASHION'S SIGN POST

[Olive Gray]

Many evening gowns for summer are in beaded or spangled effects.

Bright colors are combined with white or black in almost all garments. Bright-colored head bags will be carried with the new spring costumes. Brocaded silks and chiffons are used for some of the richest new parasols.

Colors are as bright in petticoats as in gowns, and that is saying a good deal.

The sleeves of nearly all suits are long and set in with an armhole seam. Colored handkerchiefs with gay printed borders are another spring note.

Flat-brimmed sailors with a band and still little bunch of flowers are seen.

Net hats for young girls are scattered over with tiny rosebuds, a la Polrot.

The present short close skirts make the shoe question a most important one.

Basket cloths in brown and Copenhagen blue are fashionable for the spring coats.

## WHO IS A WISE MAN?

A wise man is one who isn't as many kinds of a fool as the average.

## \$70,000 TO ADD TO BEACH'S VALUE

Resorts of the South Coast Are  
Making Active Preparations  
for the Summer Season

### NEWPORT HOPES TO HAVE A DEPOT

Manufacturing Plant to Cost  
About \$200,000 May Go to  
Huntington Beach

Orange County's coast line is growing in public favor. It is recognized as a wonderful asset. The coming summer promises to be one of the biggest the coast points have ever known. All along the coast improvements are being made. Laguna Beach is going to have an excellent summer. There have been more people there during the winter than has generally been the case.

At Sunset Beach the proposed improvements will cost approximately \$70,000. There will be a lagoon one and a quarter miles long, the length of the beach. It will be from 70 feet to 300 feet wide, with a depth of 5 feet at low tide. This work will cost approximately \$20,000. In conjunction with this will be a large open-air swimming pool. On the bank of the lagoon close to the center of the town will be built a handsome pavilion and boat house.

Work on the leveling of the lots has been begun, and soon cement walks and curbs will be placed on all of the principal streets. Work is being dug along Sunset drive, the main driveway through Sunset Beach, for the purpose of planting ornamental shade trees.

Several matters of importance were before the trustees at Huntington Beach at their meeting the past week, among which was the buying of a site for a new grammar school. The Huntington Beach company has offered the city an eleven-acre tract at Fourteenth street and Edgeware boulevard, at a low price, and it is the intention of Mr. Lavering, one of the school trustees, to find out the sentiment of the people before the matter is put to a vote.

Another matter of importance was the report of W. D. Seely in regard to a manufacturing plant which is asked the donation of a 20-acre site on which to erect a plant to cost \$200,000 and employing 200 men throughout the year. The enterprise was found desirable and the trustees tentatively offered a site. The concern is to hold a meeting of its directors soon to see whether they will accept the location.

At meeting of the trustees held during the week it was decided to advertise for architects' bids for the new Carnegie library. The building is to cost \$8500, \$1000 is to be invested for furnishings, and the remaining \$500 will cover the cost of the plans.

The T. B. Talbert company reports the sale of lots 1-3-5-7 in block 213 in Huntington Beach for a consideration of \$1000. It was the property of J. W. A. Off of Los Angeles and was sold to A. B. Sessions.

A committee of three has been appointed at Newport Beach for the purpose of taking up with the officials of the Pacific Electric the matter of a depot. There is good prospect of the Pacific Electric and Southern Pacific building a joint depot close to the junction of the two lines.

W. S. Collins has just ordered a carload of gondolas from a boat factory in the east, which will be delivered to the Balboa Island landing before the summer season.

The semi-monthly meeting of the South Coast Improvement association was held in Los Angeles the past week, with Vice President Collins in

the chair in the absence of President Stanton.

Various committee reports were made showing activity and progress in the matters in which the association is interested, particularly as to the coast boulevard from Naples to Balboa, thence to Capistrano.

A vigorous campaign of publicity in preparation for the summer resort business is being projected.

A definite plan for the circulation of 50,000 illustrated folders was adopted in accordance with a report submitted by Captain E. J. Louis of the publicity committee.

"With the starting of construction of the new electric line," said Mr. Stanton of the Bayside Lumber company, owners of Bay City, "work will be started on the \$75,000 pavilion, dance hall and bath house. Other improvements are also scheduled for Bay City at the same time, and we intend to make this resort one of the most popular on the south coast, no expense being spared. We will push this work as fast as possible, so as to be ready for the summer trade. The preliminary work has already commenced, such as grading and preparing the ground."

## ODD FELLOWS PICNIC 25TH.

Three-link Men to Hold Anniversary Celebration at  
County Park

The Odd Fellows of Orange county will celebrate the ninety-fourth anniversary of the order by holding what they call an "old-fashioned" basket picnic at the County Park all day April 25th. Members will be accompanied by their families. A program is being arranged and a number of local and outside speakers will be invited to participate.

There is no place in the county better fitted for a picnic of this kind than the County park with its splendid oaks and grounds.

## WESTMINSTER HAS ELECTED BOOSTER LEAGUE OFFICERS

J. C. Metzgar, secretary of the Associated Chambers of Commerce, has received word that the Westminster Improvement League has elected officers for the year as follows: President, R. E. Larter; vice-president, Charles Luck; secretary, Willis H. Warner; treasurer, O. J. Day; delegate to the Associated Chambers of Commerce, W. H. Bentley.

Westminster is to entertain the Associated Chambers of Commerce at the monthly meeting of that organization, which will be held on April 24. The improvement league wants the various members of the Associated Chambers to let Secretary Warner of the Westminster booster body know as soon as possible how many may be expected to attend the banquet. Westminster is famed among those who attend Associated Chambers banquets as a place where an extra fine banquet is served.

**Recommended For a Good Reason**  
Because they cured him of kidney and bladder trouble, C. H. Grant, 230 Waverly St., Peoria, Ill., tells the result of his taking Foley Kidney Pills. "Backache and congested kidneys made me suffer intense pains. Was always tired and floating specks bothered me. Took Foley Kidney Pills and saw big improvement after third day. I kept on until entirely freed of all trouble and suffering. That's why I recommend Foley Kidney Pills. They cured me." They are tonic in action, quick in results. Rowley Drug Co., White Cross Drug Co.—Advertisement.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

Why not a pair of glasses? See Dr. Loersch, 116 East Fourth Street.

## WILL TAKE 800,000 BOOKS TO SUPPLY SPRING DEMAND

SACRAMENTO, April 8.—The first quarter of the free textbook distribution, just closed, shows that 376,315 books were sent out to the schools of the state. This is more than twice as many as ever were called for before during the same period. Their value is more than \$100,000.

The superintendent of public instruction has made an estimate that at least 800,000 books will be needed for distribution to the schools during the coming summer months in preparation for the next year's work. The state printer has been served with a notice of this estimate and with a request for the next year's shipments to begin July 1st, or earlier if possible.

The teachers, principals and superintendents this year will make their requisitions for next year's books along with their closing reports to the county superintendents in the months

## CHEAPER TO OIL THAN TO USE WATER

Trustee Grubb's Proposal for  
Settling Dust in Outside  
District Accepted

### EAST SEVENTEENTH DITCH TO BE PIPE

Resolution for Cementing Side-  
walk and Curbs Goes Over  
for Another Time

According to City Trustee Grubb there is economy in using oil upon streets instead of water for the purpose of keeping down dust. In that view the other city trustees joined, for at last night's meeting authority was given for oiling a number of city streets to which the haul of water would be even more expensive than to close-in streets. Grubb said he thought it would be economy to oil many of the close-in streets also.

Grubb is head of the street committee. He said the city has a large quantity of oil on hand and will need another carload for the proposed work. The total cost would be \$300. He said that would be less than to attempt to sprinkle with water. The streets he proposed to oil are West Seventeenth from Ross to Bristol, Bristol from Seventeenth to Washington, Washington from Ross to Baker, McClay from First to McFadden, Grand from Fourth to Seventeenth and from Seventeenth to the creek. The permit was granted. On Alderman's suggestion it was decided to oil West Seventeenth to the city limits.

Alderman suggested that since the city has used lo's on French street for hitching racks for nine years, the city ought to stand the expense of removing some trees on the curbs. The board agreed with him. On E's suggestion the street department was instructed to remove a pepper tree at the corner of Sixteenth and Spurgeon streets.

The committee appointed to investigate the proposal to take out pepper trees at Mrs. Cook's place on East First street agreed that it was best to cut out three trees and leave one. The report was accepted.

J. L. Weaver, who has interested himself in aiding Spanish people who get into trouble, asked to be appointed a deputy policeman without pay so that he could do better work among them in explaining the school laws and health regulations. The request was granted.

**To Lay Pipeline**  
The city engineer was instructed to prepare a map showing that the city abandons a strip two feet wide on East Seventeenth street for a block west of C street, in front of the Flood and Morse properties. The engineer said that when this is done the property owners will give the S. A. V. I. Co. a right of way and the ditch will be replaced with a pipeline.

**License Question**  
McPhee stated that a number of business firms had not been paying licenses, and the city marshal and mayor were instructed by the board to look the matter up thoroughly and collect all back licenses for two years. McPhee named the Griffith Lumber Company, Wells Fargo Co., Standard Oil Co., Grand Opera House, and Wholesale Grocery Co. as places that have not been paying. The city attorney said those places not having paid can be made to pay for two years back.

Property owners on Bishop street between Main and 200 feet west of Birch petitioned for cement sidewalks and curbs. The petition was referred to the street committee, Grubb and Alderman.

Blakeman & Tiller asked for a license at 211 West Fourth for a pool

room, and the license was granted for one year.

**No Great Amount**  
The Southern Counties Gas Co. sent a check for \$39.97 as two per cent of the gross receipts on all extensions made between October, 1911, and January 1, 1913. The matter was referred to Alderman and Greenleaf.

"I wish to express my surprise at the smallness of the amount," said McPhee.

A report from the joint pole committee was referred to the street committee.

**Again Laid Over**  
The resolution calling for cement sidewalks and curbs on various streets of the city, where work has long since been ordered in by the city trustees but never constructed by the property owners, was given final reading, but not passed. Under this proceeding the city will let a contract for the sidewalks and curbs described in the resolution. Grubb advocated including East Second street in the proposed work, and a discussion arose on that matter with the result that the resolution was put over until another meeting for adjustment of the East Second street controversy.

Grubb reported that a rain-pipe of a building on East Fourth near Main has been used for sewage purposes. The city attorney says the city health officer has the matter in hand.

## WILL PURIFY BEFORE USING

Anaheim Sugar Co. Installs  
Plant to Take the Smell  
Out of Sewage

ANAHEIM, April 7.—The Anaheim sugar factory, situated between Fullerton and Anaheim, is about to install a system for the purification of its waste water during the sugar campaign.

The factory originally pumped the water into the ditches of the Anaheim Union Water company, by which it was distributed and used for irrigation purposes. The water, however, contained such large percentages of vegetable matter that it fermented in the pipe lines, and even in the land, producing such objectionable odors that the ditch company was compelled to refuse to further accept it.

## NEW ANTI-ALIEN LAND BILL IS IN

California Solons Receive Bill  
Allowing Only Citizens of  
U. S. to Own Land

SACRAMENTO, April 8.—Alien land legislation is now practically the storm center of the legislative situation, and indications point to the certain adoption of some anti-alien land measure. The sub-committee of the senate judiciary committee has submitted a bill after a month's labor that embodies ideas from the Sanford, Birdsall and Larkins bills, all introduced into the senate during the January session. The composite bill excludes from the right "to acquire title, or own, or hold real property in California, or any interest therein, or take, or acquire, or hold the same by descent, devise, purchase or otherwise," such aliens as cannot under the laws of the United States become citizens of this country, and also such aliens as have not declared their intentions to shake off their allegiance to foreign powers and become citizens of the United States.

Under this new bill, the Japanese, Hindus, Chinese and like foreigners may own or rent property for one year after it becomes a law, but at the expiration of that time it becomes the duty of the district attorney to immediately bring proceedings and recover the land in the name of the state, offer it at auction, and sell it to the highest bidder, provided a fair and just price is offered. He shall then turn the proceeds of the sale over to the alien owner, after all the costs are first paid out of the money the sale has brought.

Alien companies in which the majority of the stock is owned by aliens who have not declared their intention of becoming American citizens are brought under the law, regardless of whether the company has incorporated or not.

All possibility of the law being declared unconstitutional because of any specific language therein, is covered by a special provision in the substitute bill which declares that in the event of any one or more sections being declared unconstitutional the remaining parts of the act shall be deemed the deliberate thought of the legislature and remain the law.

# Studebaker

## 88,000 Automobiles HAVE HELPED PRODUCE THESE CARS

It is because we have built 88,000 automobiles that the announcement of the new Studebaker cars has been so overwhelming.

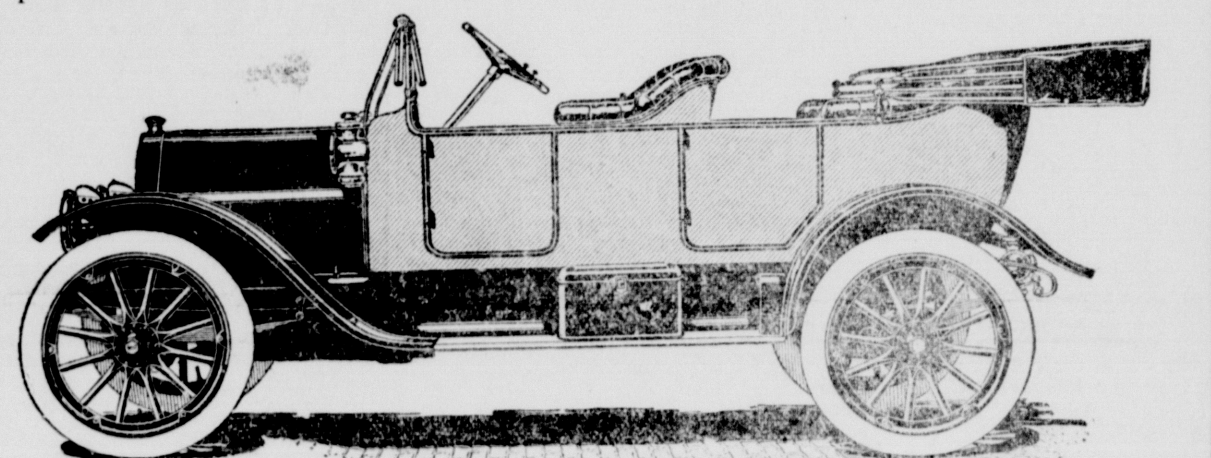

Not engineering skill alone, nor ample resources, nor the greatest factories in the industry—but all these together and the wisdom gained by manufacturing 88,000 service-giving cars have produced these extraordinary automobiles.

Think of such a heritage and ask yourself who can doubt that the perfection of 88,000 Studebaker cars is an unequalled automobile.

To describe the epic story of Studebaker automobiles is to look from a pinnacle over 60 years of American history. It is to return to the days of Lincoln and from that height watch developing the Studebaker genius and business honor which have finally culminated in these grand cars.

Look over the cars illustrated below and remember that while their equipment and outward appearance is, we believe, unsurpassed, beneath the surface everything else is just as good.

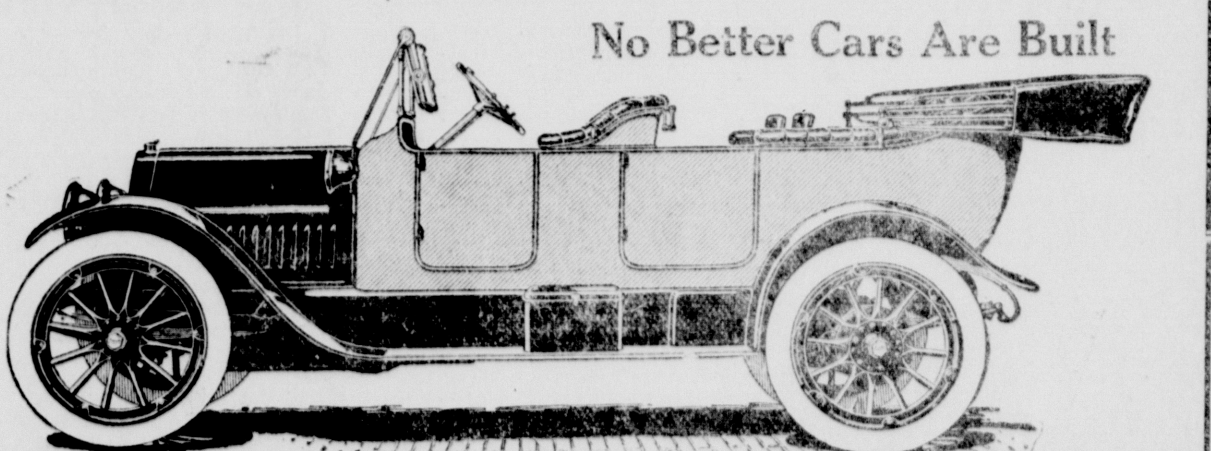

Equal values have never been produced before. But this is not surprising because years of success and improvement have been required to make these cars possible.

## Before You Invest That \$1000 See The \$970 Studebaker "25"

Five-passenger, four cylinders, 3 1/2 inch bore x 5 inch stroke, 102 inch wheelbase \$970

## Music and the Drama

KATHERINE TINGLEY IN  
AID OF FLOOD SUFFERERS

"Aroma of Athens" to Be Presented in Greek Theater, International Theosophical Headquarters, Point Loma, San Diego.

The "Aroma of Athens" as presented in the open-air Greek Theater at the International Theosophical headquarters, Point Loma (near San Diego) once seen can never be forgotten. This was the unanimous verdict of the members of the Southern California Editorial association, who were entertained by Mme. Tingley last June when the presentation of this classic revival of the spirit of ancient Greek drama brought to a close one of the red letter days in the history of the association.

It is of great interest to note that Mme. Tingley has arranged to present the "Aroma of Athens" on the evening of Saturday, April 12, at 8 o'clock, the proceeds to be divided equally between the sufferers from the disastrous floods in Ohio and other states, and the congress fund of the International Theosophical Peace Congress to be held this year in Europe. Mme. Tingley had already decided on presenting the "Aroma of Athens" for the congress fund, but when the news came about the terrible suffering due to the floods in the east she decided to give half the proceeds towards its relief.

This marvellously beautiful and spectacular play was first given in 1911, first in the Isis Theater in San Diego, owned by Mme. Tingley, and then in the open-air Greek Theater at the International Theosophical headquarters. On that occasion many motor parties from Los Angeles and neighborhood attended, and requests have been continually received by Mme. Tingley, especially from the many visitors to Southern California who had heard of the great success of the play, for it to be again presented. All who have once seen it are enthusiastically unanimous in their wish to see it again.

The performers who take part in the play are all students at the International Theosophical headquarters, including many of the pupils of the Raja Yoga college. The classical dances of the latter, the gorgeous costumes as well as the dialogue make the "Aroma of Athens" one of the most wonderful productions ever seen. The stage settings themselves are unrivalled. The beautiful Greek theater at the head of one of the Lomaland canyons, in the center of which is the Greek Temple, and the background of the Pacific ocean make a scene that once viewed will never be forgotten.

Tickets will be on sale in San Diego at the Theosophical Publications Store in the Isis Theater building, 1122 Fifth street, and also at the U. S. Grant hotel, also in Los Angeles, at the office of the San Diego Securities company, 609-611 South Spring street. Reservations for tickets may be made by letter or telephone (Sunset Main 21). Address letters to Committee of Arrangements, "Aroma of Athens," Theosophical Publications Store, 1122 Fifth street, San Diego.

### NOTICE INVITING BIDS

Santa Ana, Cal., April 2, 1913.  
In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted April 2, 1913, directing this Notice, notice is hereby given that the said Board will receive at its offices at the Court House at Santa Ana, at or before the hour of 11 o'clock a. m., on April 15th, 1913, sealed bids or proposals for constructing a combination Highway Bridge 280.9 feet long across the Santa Ana River, three miles easterly from Huntington Beach.

Bids must be made on the form provided for the purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bid for Myers Road Bridge."  
The bid must further conform to the requirements of the "Instructions to Bidders" on file in said office.  
The said work must be done in strict conformity with plans and specifications therefor, which said plans and specifications were adopted by the Board of Supervisors of the County of Orange, Cal., and are on file in the office of said Board. Reference is hereby made to the said plans and specifications for full particulars and descriptions of the work. Copies will be furnished intending bidders upon application to the County Surveyor of said County.

Each bidder must submit with his proposal a satisfactory bond or check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than ten (10) per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him.  
The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for the said work shall be given to secure the payment of all bills for any work or labor of any kind done thereon.  
The Board of Supervisors reserves the right to reject any and all bids.  
By order of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk.

DORIS VERNON IN "HOITY TOITY"

## Kolb and Dill Are Going To Be at Grand Tomorrow

Kolb and Dill, the most popular German comedians on the American musical comedy stage today, will appear in Santa Ana Wednesday, April 9, at the Grand Opera House, one night only. Their offering, "Hoity Toity," should prove a particularly happy one, for it comes fresh from San Francisco, where the critics landed it as the most entertaining and beautiful comedy production seen there in years. Kolb and Dill are touring the state of California, after 30 weeks of tremendous success at the Savoy in San Francisco. The entire production will be shown here in every detail, including the augmented orchestra. This tour is an experimental one; if it proves successful they will make regular trips, bringing their full San Francisco production intact.

Kolb and Dill have the reputation of being wonderful mirth provokers in Teutonic roles and in "Hoity

Toity" they are fitted ideally as Louis Kauffkuchen and Mike Saurbratzen, who have many weird experiences as financiers. Harrison is the third of the trio of funmakers and shares much of the brunt of the mishaps that befall them at Monte Carlo. Violet Seaton, one of the cleverest prima donnas in the country, takes the part of Lady Grafton to a nicety, and Geo. Ebner makes an ideal General Steele, the American millionaire; Clarence Lydston gives a good account of himself as Mr. Hunter.

The chorus is a great feature of the Kolb and Dill productions and has been truly termed by critics the Famous Beauty Chorus. It is one of the largest ever taken on tour and is composed of girls, each of whom fills the exacting requirements of youth, beauty and vocal accomplishments of high order. The augmented orchestra will be under the direction of Harry James.

### LOS ANGELES PRODUCE MARKET

The butter market was again characterized by weakness yesterday. A decline of 1 cent occurred despite rather lighter receipts. The price in the north was lower. Local supplies seem to improve steadily, and the expectation of large receipts shortly is by some given as an added reason for the easy feeling in prices. Cheese seems to be following in butter's wake in the decline, as prices were in some instances lower on eastern and Oregon varieties. It also seems likely that there will be another falling off in local cheese soon. Eggs were steady and unchanged.

A large shipment of fancy northern cauliflower came in and sold at \$2 to \$2.15 a crate. It was of good quality. The large supply of asparagus was maintained. Several big shipments were reported in. The market continues easy, with a lower range of prices for the green variety. Rhubarb met with a better demand, probably owing to the lower range of prices for the northern strawberry variety. The market was well supplied with lettuce. String chilis is firm at higher prices. A car of Florida tomatoes came in and sold at about \$2.25 a crate. A shipment is expected from Mexico in a few days. Prices promise to maintain a pretty high range for a while. Fancy mushrooms were quoted at \$2.75 a basket.

Dried currants and seventy-eighty and eighty-ninety prunes have declined a little. Receipts of apples were rather heavy. Spitzenbergs are practically out of the market. Cranberries are also practically gone, with the exception of evaporated fruit. Bananas are selling in most cases at 4 1/4 cents a pound. A good many poor loquats were on the market at 5 to 6 cents a pound. Some very excellent fruit brought about 11 to 12 cents. Strawberries were received and were quoted at 12 to 15 cents a basket. There was a fair supply of limes at \$1.50 a basket.

Reported receipts were: Eggs, 878 cases; butter, 28,497 pounds; cheese, 1291 pounds; potatoes, 8776 sacks; sweets, 13 sacks; apples, 3811 boxes.

—This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar Compound fails to cure your cough or cold. John Berner, Tell, Wis., states: "I have used Foley's Honey and Tar Compound as a family medicine for five years and it has always given the best of satisfaction and produced good results. It will always cure a cough or cold. For children it is an indispensable on account of its pleasant taste and its freedom from opiates." Refuse substitutes. ## Water! Water! Water!

Now that the water developments for the Yucaipa Valley are nearing completion, we again call attention to what has been done.

The big reservoir, holding sixty million gallons, is now filling up. It has been lined with reinforced concrete six inches thick and is secure from leakage. This splendid storage reservoir holds three thousand, two hundred and seventy inches of water. Within two or three weeks it will be entirely filled. A glass bottom boat is being built for use on the reservoir. The location of the reservoir is only one mile from Yucaipa City, and adjoins the Grand View Park, and will add greatly to the beauty and pleasure of the valley.

The water is obtained from sources high in the San Bernardino mountains from nine sources, four never-falling streams and four tunnels. One tunnel, nearing completion, is two thousand feet in length and yields one hundred inches of water, constant flow. The flow increases as the tunnels are projected into the mountains. These tunnels are to be bulkheaded and the water held back when not needed to fill the reservoir or for irrigating. The storm water and surplus from the streams is also stored in the deep gravel beds in the canyon and thus conserved. This supply is for the thirty-two hundred acres of trees now on the "Middle Bench" of the upper valley lands and is more than an ample supply for soil lands and for Yucaipa City. It is distributed for domestic and irrigating purposes through forty-two miles of steel mains, the most up-to-date irrigating system in Southern California as well as the cheapest.

The three thousand acres known as the "South Bench" will be supplied from six big pumping plants, operated with electric energy, the big pumps are now being set on unusually large concrete foundations. The water will be pumped into three concrete distributing reservoirs, now nearing completion. Twenty-four miles of steel mains, now laid, will distribute this water for domestic and irrigating purposes. This supply will be more than ample for all demands of the "South Bench." These two systems furnish water for the five thousand acres of the famous Big Red Apple land in the upper portion of the Yucaipa Valley. This land has an available supply of eight hundred inches of developed and stored water, probably more ample than any other irrigated land under a water system in Southern California. The ownership and control of the water goes with the land, and every purchaser of the land becomes a member of the mutual water company. This water is exclusively for the upper end of the valley will be irrigated from the artesian basin on the lower levels adjacent to the hundreds of acres of vegetable gardens. It is a source of great satisfaction to the multitude of people interested in the Yucaipa valley to know that the water developments have been so successful and that there is no longer any grounds for anxiety about Yucaipa's water supply.

We make two or more trips every week. Remember Yucaipa is only 64 miles away. We make the trip up and back in one day. See this fine development and make a wise investment. Redlands & Yucaipa Land Company.
